

## GOVERNOR FERRIS TO LEAVE HOUGHTON

Will Not Offer His Services as  
Strike Mediator at This Time  
—May at Later Date

## MEETS NON-UNION MINERS

Governor Closes Inquiry with Conference  
with Italian and Finnish Non-Union  
Miners, Who Ask for Protection

## MOYER APPEARS BEFORE GRAND JURY

HOUGHTON, Mich., Jan. 8.—Governor Ferris may not, at this time, offer his services as mediator in an endeavor to settle the strike of the copper miners in this section which has been in progress for nearly six months. It was understood, however, that a later date he might exercise powers of persuasion in the hope of ending the controversy. He let it be known that he intends to leave the copper country tomorrow night and go to Big Rapids.

The governor's inquiry into existing conditions practically was ended tonight with a conference with a delegation representing the Italian and Finnish non-union miners, who came to the chief executive to ask for protection. They spoke through interpreters and told the governor they were daily subjected to threats and abuse heaped upon them by the strikers. They said they had no use for the Western Federation of Miners or any other union.

Chief interest centered today in the testimony of the copper mine operators. It was largely a historical discussion although emphasis was laid upon the opinion of the individual mine officials that union labor as such, was not repugnant to them. They made it plain, however, that the Western Federation of Miners could hope for no consideration from company sources and they did not hesitate to let the governor know that this attitude was unchangeable.

Meets Socialist Committee.  
Tonight the governor met Victor Berger of Milwaukee, Seymour Steadman of Chicago and Charles Edward Russell of New York who are investigating the strike situation as appointees of the national executive committee of the Socialist party.

Mr. Russell said the state executive could end the trouble if he would use his power and influence with the mining companies to force them to recognize the Western Federation of Miners.

"Will you do it," he was asked.  
"No sir, I will not" was the emphatic response and a few minutes later the governor added that he did not know what he would do if the state of Michigan should order him to recognize a church or any other organization.

Mr. Berger proposed that all mine guards and deputies be withdrawn, that the sound sense of the citizens be trusted to preserve law and order and that the state in some way protect the men from eviction. He offered to plan for the accomplishment of this latter proposal and Mr. Steadman suggested that the state might establish tent colonies for the housing of the men.

## Tells of Deportation.

Charles H. Moyer, president of the Western Federation of Miners and Charlie Tanner, auditor of the organization, today told to the grand jury here their versions of the deportation episode of December 26th. Less than two hours were consumed in the grand jury room, the men then returning to the same hotel in Hancock whence they were taken a fortnight ago. No announcement as to the nature of their testimony was forthcoming from any authoritative source and they themselves declined to grant interviews.

Except for the fact that a big crowd of union men greeted their leader on his arrival and stood about the hotel in groups while he was there, no incident occurred to recall the intense bitterness that preceded the deportation. Both federation men were closely guarded by deputy sheriffs and there was a general feeling that since they were under the official protection of the state of Michigan all signs of resentment should be suppressed. The men were met at Channing, the first junction point in Michigan reached by train from Chicago, by two deputies selected for their fearlessness and reliability.

## Guarded All the Time.

Practically every step of Moyer and Tanner was guarded by these men throughout the day and evening. Except for their trips from the railroad station to the hotel and to the hotel house in Houghton and back to Hancock, however, the two made no appearance in public.

O. N. Hilton, chief of counsel for the federation, met the party at the hotel and immediately went into conference with his clients. It was presumed the development of Governor Ferris' inquiry into strike conditions were discussed but no announcement was made.

Victor Berger former Milwaukee congressman, who is here as a member of a committee from the National Socialist party, was admitted to the room, but only after a considerable wait in the corridor. He boarded the incoming train at

## SCHOOL CHILDREN GREET PRESIDENT

CHILDREN LINE MAIN STREET SINGING NATIONAL ANTHEM

Event Marks Pleasant Incident of Pres. Wilson's Motor Ride—Girl Gives Chief Executive Dove With Request That He Liberate the Bird.

PASS CHRISTIAN, Miss., Jan. 8. President Woodrow Wilson stood on the veranda of his cottage this evening just as the sun was setting in his hands he held a little flat-covered box with a door fastened by leather hinges. Opening the door with one hand he lifted out a pure white dove which he tossed into the air. The dove fluttered for a moment then lighted on the limb of an oak tree and cooed. Then it lifted itself and in a short time had disappeared in the darkening vault of the sky. The members of the Wilson family here, the secret service men and the newspaper correspondents stood about in silence. For several minutes no one spoke. The president watched the dove until it had disappeared. Then he signed and smiled.

The incident was a sequel to the president's motor ride today through Gulfport. School children lined both sides of the main street singing the national anthem and people came flocking from stores and shops as the president's car slowed down. A brown-eyed girl of twelve handed the nation's chief a box and a letter which she asked him not to open until he reached home. When the president returned to his cottage he read the following:

"Dear Mr. President:  
"You will find in this box a live dove. It flew in the door and broke its wing several months ago. We have cared for it and now that it is well, my mama says we must give it freedom. If you will do me the honor to open its prison and let fly away to find companions of its kind, I shall be very grateful.  
"Lovingly,  
"G. G."

"P. S.—Just a little Tennessee girl enjoying the beautiful Southland."

The president asked Representative Harrison, who was riding with him to ascertain the girl's name as he wanted to write her that he had complied with her wish. After diligent inquiry the congressman learned the donor of the dove was Miss Willa Green. She had signed her initials only, as she afterward said, that she didn't want anyone to know anything about it.

## LUCEY HAS APPOINTED ELEVEN INHERITANCE TAX COLLECTORS

Collectors Are Now Regularly Employed and Receive Salary of \$2000 Per Year.

SPRINGFIELD, Ill., Jan. 8.—Attorney General P. J. Lucey, following out his plan of naming regular inheritance tax collectors of the state has so far appointed eleven such officials, each to have jurisdiction over about a half dozen counties. Formerly attorneys were appointed whenever cases necessitating collections arose. Under the new plan made possible by act of the last general assembly the inheritance tax collectors will be employed permanently, receiving a salary of \$2,000 annually.

The recent decision of the United States supreme court, holding that the state has the right to inspect the contents of safety deposit boxes in making inheritance tax collections, in the opinion of the attorney general will be a great aid in the work of collecting such taxes.

## CHRISTMAS TREE LIGHTS CAUSE 11 FIRES IN ILLINOIS

SPRINGFIELD, Ill., Jan. 8.—Eleven fires in Illinois were caused by Christmas tree lights, nine in Chicago and two down-state according to the state fire marshal's report for December. Damage to buildings and contents from 23 fires in Chicago caused a loss of only \$121,755; damage to buildings and contents in 477 fires down-state caused a loss of \$929,212. Ninety five fires were caused by defective flues.

## ANNOUNCES CANDIDACY.

Pontiac, Ill., Jan. 8.—Congressman Lawrence B. Stringer announced his candidacy for the United States senate at the Jackson day banquet here tonight. Mr. Stringer said that in making this announcement he was carrying out the declaration he made when William Lorimer was elected. At that time, he said, he would run for the senate at the expiration of the term for which Mr. Lorimer was chosen.

## Houghton but failed to gain admission to the locked state room.

Governor Ferris and the head of the strikers' union did not meet. The governor left Houghton in an automobile early in the afternoon and did not return for several hours. Meanwhile the federation men had completed their visit in Houghton,

## ST. LOUIS DEMOCRATS OBSERVE JACKSON DAY

MISSOURI POLITICAL WORKERS ATTEND BANQUET AND HEAR SPEECHES

Senator Reed AsSerts Last Election Broke "Strangle Hold" of the Beneficiaries of Special Privileges—Question Now is for the General Welfare.

ST. LOUIS, Mo., Jan. 8.—Democrats of St. Louis tonight observed Jackson Day by listening to speeches by Senator Thomas P. Gore, of Oklahoma, Senator James A. Reed of Missouri, and Senator William Thompson of Kansas. Political workers from all parts of Missouri attended the banquet at which the speeches were delivered. Senator Reed in his speech said that the last national election broke the "strangle hold" of the beneficiaries of special privileges.

"The question," he said, "no longer is what do the manufacturing classes desire? What do the financial classes desire? What do the political bosses demand? But, what is for the general welfare? The difference between the two policies is immeasurable. We have abandoned an old policy and returned to a still older philosophy—the philosophy that all just government must be for the benefit of all the people.

The Democratic party may make mistakes, but it will not join in a deliberate conspiracy against the common man. The president owes his election to no special interests. His campaign was not syndicated. He regards himself as a free moral agent commissioned to champion and protect the general welfare.

"His sole aim is to treat all classes and kinds of men, all classes and kinds of interests with fairness and impartiality. He does not purpose to strike down in a spirit of revenge nor to protect out of maudlin sentiment or favoritism.

"The members of congress who were elected with him recognize their duties as similar to those of the president in so far as their particular powers permit similarity."

## NATIONAL CONFERENCE ON RACE BETTERMENT

Conference Opens Sessions in Battle Creek—Fashion Favors Defective Type of Woman.

Battle Creek, Mich., Jan. 8.—"The imperfect or defective type of woman is that represented by the very slight thin chested and nervous woman at present so favored by fashion," declared Dr. Richard Root Smith, of Grand Rapids in a address tonight at the national conference on race betterment, which opened its sessions here today.

Other speakers tonight included H. H. Laughlin, superintendent of the eugenic record office at Cold Spring Harbor, N. Y., Dr. Lillian South of Bowling Green, Ky., and Professor R. B. Von Klemmsmid, secretary of the American association of clinical criminology, of Jeffersonville, Ind.

In his address on the Deterioration of Civilized Woman, Dr. Smith asserted that modern methods of living, have not proven more disastrous to women than to men. The speaker said the most perfect type of woman is "that represented by individuals compact in build, deep chested with steady nerves and fleshy enough for the anatomical angles to be nicely rounded out."

The subject brought up for discussion by Dr. Laughlin was sterilization. He urged this method for preventing the reproduction of degenerates and declared that it had met with great success in many prisons and elsewhere.

Dr. South spoke of the hook worm disease. She recently had completed an extensive investigation through the hills of eastern Kentucky and the information which she gathered was given to the conference.

Society by its sale of tobacco and liquors encourages mental defection which results in crime," declared Dr. Von Klemmsmid. "Whatever may be said in the way of excuse for the moderate use of alcoholic beverages and tobacco among adults, there can be no justification for the use of these drugs by adolescents."

## ILLINOIS STATE POULTRY ASSOCIATION HOLDS ELECTION

State Branch of International Association Elects Officers With D. E. Hale of Chicago President.

Springfield, Ill., Jan. 8.—The Illinois State Poultry association this afternoon elected:

Directors—William Osborn, of Morris; Theodore S. McCoy, Golconda; Guy H. Woolington, Monticello. The state branch of the International association elected:

President, D. E. Hale, Chicago; first vice president, J. A. Leland of Springfield; second vice president, J. J. Klein of Macon; third vice president, J. F. Schureman, Geneseo; secretary-treasurer, Theodore S. McCoy, Golconda; executive board, Harry Shuts, Danville; G. H. Woolington, Monticello; E. M. Whitney, Chicago; members of finance committee, O. L. McCord, Peoria; J. M. Rapp, Lamolite; and Theodore Bates, Pittsfield.

## "SLAVERS" ATTEND COURT.

Chicago, Jan. 8.—Agents of the underworld frequent the morals court for the purpose of making the acquaintance of girls. It was charged today by assistant State Attorney Starret before Judge Hopkins in the morals court.

## FEDERAL COMMANDER EXPECTS ATTACK

General Castro with Federal Troops at Ojinaga Does Not Believe His Men Will Desert

## WILL BE IMPORTANT BATTLE

Upon the Outcome of Pending Engagement Hangs the Question of Whether the Federals or Rebels Will Control the North

## U.S. MARINES TO MEXICO "FOR HEALTH"

OJINAGA, Mex., Jan. 8.—"We never will surrender, we will not retreat. If our ammunition gives out we will die in the trenches, right here on this hill."

General Francisco Castro, commanding the federal troops at this place, stood this evening in the doorway of the little rodeo house in which he makes his headquarters and looked down on the plain below, where could be seen the smoke of the rebel camp fires. There were tears in his eyes but his weather-beaten face was mobile. He stood erect, not blinking his eyes. His lips were set tightly over his teeth.

The tears were for the dead of his army and for the wounded and the sick. His army has gone days with little or no food. Some times there was not even water to drink. The sun's rays were blistering and the nights were chilly, with a raw wind up from the valley through which flows the Rio Grande.

For six days the forces under General Castro fought the constitutionalists who had come to drive them out. Tonight the indications were that the assault was to be renewed. Castro was expecting it momentarily. And meanwhile shovels in the hands of a tired soldiery were digging trenches—trenches in which they may die and their bodies be burned.

General Castro spoke tenderly of his men. He praised them and declared he did not believe they would desert. The retreat from Chihuahua across the pitiless desert, he said, and the days and nights of fighting, was proof conclusive of their loyalty.

The general said he was well aware that the impending conflict was of momentous importance to the Huerta regime. Upon its outcome, he pointed out, hangs the question of whether the Mexico city government is to maintain its authority in the north or whether the lawless rabble that goes by the name of constitutionalists is to have full sway.

It was believed this evening that the rebels have not only been reinforced but that they have acquired additional supplies of ammunition. They were believed to be massing under the direct command of General Villa for another attempt to storm the hill on which sits Ojinaga. But the steaming camp fires told no tales and there has been no direct communication here with the constitutionalists.

The federals on the other hand, have only what is left of the ammunition they brought with them from Chihuahua. How long this will last is problematical. And besides, their numbers—originally aggregating only about 4,000—have been reduced greatly by the fighting and by sickness. Castro was thinking of this when he made the statement that they would die on the trenches.

## Marines Sent "For Their Health."

Washington, Jan. 8.—Four hundred marines now in the Panama canal zone were ordered today to join the American warships off the east coast of Mexico. This virtually will double the marine guard aboard the vessels. In making public this order Secretary Daniels explained that the transfer was to be made for the benefit of the health of the men who have been on the isthmus for many months and whose duty there ended when the war department recently sent regular troops to permanently garrison the Canal zone. He said the action did not result from any conference between himself and Secretary Garrison, nor from any suggestion or hint from President Wilson and that it could not be connected in any way with the recent visit of John Lind to Gulfport. Reports to the state department indicate that the contending actions in Mexico appear to be taking a breathing spell in preparation for a series of general engagements all along the border and as far as Tampico on the gulf which are expected to decide the control of Northern Mexico.

In the opinion of the army experts here the federals at Ojinaga and Nuevo Laredo and Tampico are busy with pick and shovel strengthening their defenses while the constitutionalists are waiting for ammunition and reforming their lines for another attack.

O'Shaughnessy in Vera Cruz.  
Vera Cruz, Jan. 8.—Charge O'Shaughnessy of Mexico City, dined this evening with John Lind, Rear Admiral Fletcher and Consul W. W. Canada. He said he would not return to the capital until tomorrow.

This, however, he added, was without political significance.

Sought Medical Attention.  
San Antonio, Tex., Jan. 8.—General Jose Manilla, who left the fed-

## WOULD CONTINUE OPERATION OF STEAMERS

NEW HAVEN RAILROAD ASKS PERMISSION TO CONTINUE LINES

Principal Point in Controversy Between Department of Justice and Road Now is the Disposition of the New Haven's Trolley Lines.

WASHINGTON, Jan. 8.—After another day of conference with Attorney General McReynolds, Chairman Howard Elliott of the New Haven railroad left Washington tonight to meet his directors in New York tomorrow, still hopeful that the department of justice will agree to such plans for the re-organization of the road as its officials think are practical. With the announcement today that the New Haven had taken the first step to bring before the inter-state commerce commission the question of its retention of competing steamship lines, it was said one difficulty had been removed from the path of the negotiators. The principal point in controversy when Mr. Elliott left was understood to be the disposition of the New Haven trolley lines.

The New Haven brought the matter of its ownership of competing steamship lines to the attention of the commerce commission in compliance with the Panama canal act of 1912. That act prohibited after July 1, 1914, any ownership or interest by a railroad or other common carrier in any common carrier by water, when the railroad does or may compete with such water carrier.

In an amendment the commission was clothed with power to determine questions of fact as to competition or possibility of competition and authorized to extend beyond July 1 the time in which a railroad may continue the operation of steamship lines, where such service "is of advantage to the convenience and commerce of the people" and where an extension will neither exclude, prevent nor reduce competition by the water route.

The New Haven's application asks for permission to continue the operation of the steamship lines it controls. It goes at length into the history of all the many steamship companies which the New Haven owns or in which it is interested. Permission is sought for continuance on the ground that the rates are lower on the rail and water routes maintained, than on the all-rail routes. It declares that the continuance of the service is of advantage to the convenience and commerce of the people.

## SECRETARY OF STATE BRYAN PRAISES PRESIDENT WILSON

Addresses Chicago Real Estate Board on "New Era in American Politics."

Chicago, Jan. 8.—Secretary of State Bryan in an address tonight to the Chicago real estate board, praised President Wilson as a leader and inspirer of legislation for the commonwealth.

"We have a progressive president and no obstruction to immediate legislation remains except the ancient rules of the senate which permits the active minority to stand debate almost indefinitely," said Mr. Bryan. His subject was the "new era in American politics."

President Wilson," he said, "follows his conscience and has sympathy with the masses thus combining the two necessary qualities of a leader."

Sherman Also Speaks.  
Senator L. Y. Sherman of Illinois also addressed the real estate men. Mr. Sherman's speech was a plea for personal thrift as the answer to many of our problems.

"The day of small things never was more out of sight than in 1914," said Senator Sherman. "Everybody thinks in large figures. Totals are more attractive than the units that compose them. Attention to detail is good advice."

## MAY CREATE STATE GAME PRESERVE IN EVERY COUNTY

State Game and Fish Commission Believes That in This Way Game Can Be Propagated to Great Advantage.

SPRINGFIELD, Ill., Jan. 8.—The creation of a state game preserve in every county in Illinois is the plan of the state game and fish conservation commission following the successful experiment in the establishment of a trial preserve. The commission is of the opinion that this way game can be propagated to great advantage. Four preserves established up to this time—in McHenry, Cook, Kankakee and Stephenson counties—have demonstrated to the commission claims that the plan embodies the right idea. Birds and eggs for propagation purposes will be supplied each preserve by the central game farm at Auburn, this county.

The commission announced today that during the month of December \$40,000 was collected in hunters' and fishermen's licenses and that during the past five months \$25,000 in fines have been collected.

## DIES OF PNEUMONIA.

Providence, R. I., Jan. 8.—Professor Winslow Upton, for nearly thirty years head of the department of astronomy at Brown university died tonight of pneumonia. He was sixty years old.

## WOULD PREVENT B. & O. STOCK DISTRIBUTION

U. P. STOCKHOLDERS SEEK TO RESTRAIN DIRECTORS FROM ACTION

Plaintiffs in Suit Submit That as Shareholders of Preferred Stock They Are Entitled to Equal Share of B. & O. Preferred and Common Stock to Be Distributed.

NEW YORK, Jan. 8.—Action to restrain the directors of the Union Pacific railroad company from distributing its holdings of Baltimore & Ohio stock, par value \$82,000,000 to the road's common stock holders, was begun in the supreme court here today by a group of preferred stockholders headed by James T. McCadden. Summons and complaint in the case were served upon Otto H. Kahn, of the Union Pacific executive committee. The plaintiffs submit that as shareholders of preferred stock they are entitled to an equal share of the Baltimore & Ohio preferred and common stock to be distributed.

The Union Pacific acquired about \$42,500,000 of its \$82,000,000 holdings of Baltimore & Ohio stock from the Pennsylvania railroad last July in exchange for an equivalent amount of Southern Pacific stock which the Union Pacific had to part with under the supreme court decision forcing the dissolution of the Union Pacific System.

On January 6, it was announced that the board of directors of the Union Pacific contemplated distributing among the holders of Union Pacific common stock the Baltimore & Ohio owned by it, including that traded for the company's holdings in the Southern Pacific. A cash bonus of \$3 was to go with each share.

The action brought aims to restrain the directors of the Union Pacific from carrying out this plan. The plaintiffs alleged that the distribution of the Baltimore & Ohio stock involves the issue of \$12 in par of Baltimore & Ohio preferred and \$22.50 in Baltimore & Ohio common and \$3 cash for each share of Union Pacific held by the recipient thus proposing to issue to holders of common stock a dividend amounting to \$37.50 payable in cash and Baltimore & Ohio stock.

The plaintiffs also alleged that the Union Pacific railroad company's holdings of Southern Pacific common stock formed part of the capital invested in the Union Pacific. Since this stock was traded for Baltimore & Ohio common and preferred plaintiffs say that the stock taken in exchange constitutes part of the capital investment of the Union Pacific and that if there should be a division of the Baltimore & Ohio stock considered by them as assets, the distribution should extend to the preferred stockholders as well as to the holders of common stock.

## CONSTITUTIONALITY OF ROAD LAW IS AGAIN ATTACKED

Jacob Martens of Ancon, Would Re-strain Officials From Paying Out Money From New Fund.

Springfield, Ill., Jan. 8.—The constitutionality of the Illinois hard roads law is again attacked by Jacob Martens of Ancon, Ill., who today filed an amended bill in the Sangamon county circuit court in his suit to restrain the state officers from paying out any part of the newly created fund for hard roads. Among the objections made to the law and upon which action for injunction is based are that the act is local legislation, that it takes property without due process of law, that it authorizes exercise of judicial powers by combinations, that it makes the state responsible for debts of township and counties, and that it is an infringement upon rights of townships and counties.

## LABOR COMMISSIONERS REVOKE EMPLOYMENT AGENCY LICENSE

CHICAGO, Jan. 8.—The state board of labor commissioners today revoked the employment agency licenses of Louis Citro and Harry Weiss. Citro is said to have conducted one of the largest labor agencies in the world, handling as many as 10,000 men a year, chiefly for railroad work. Testimony in the Weiss case revealed what is said to be a system of sending men from one agency to another, a \$1 fee being extracted at each place. Weiss was charged with failing to keep proper records.

## WEATHER INDICATIONS AND TEMPERATURES.

WASHINGTON, Jan. 8.—For Illinois—Unsettled and colder Friday, probably rain or snow in north and rain in south; Saturday unsettled, colder in south; moderate variable winds becoming northwest.

## Temperatures.

## FORMER GOVERNOR OF KENTUCKY DIES

General Simon Bolivar Buckner Dies at His Home Near Munfordville, Ky.

## VICE - PRESIDENT CANDIDATE

General Buckner Besides Being Honored by People of His Home State Was In 1896 Democrat Candidate for Vice-President

## DEATH WAS DUE TO ADVANCED AGE

LEXINGTON, Ky., Jan. 8.—General Simon Bolivar Buckner, former governor of Kentucky and candidate for vice-president on the gold Democratic ticket in 1896 died at his home in Hart county here tonight.

General Buckner has been in ill health, due to his advanced age, for about a year but his condition did not become alarming until Tuesday, when he became unconscious. He died at nine o'clock tonight at his home "Glen Lily" near Munfordville.

General Buckner was the last surviving Lieutenant General of the Confederacy. Funeral services will be held Saturday. Interment will be in the state cemetery at Frankfort.

## Was Born in Hart Co., Kentucky.

Simon Bolivar Buckner, one of the last surviving Lieutenants-Generals out of nineteen, commissioned by the Confederate Government, was born in Hart county, Kentucky, in April 1823. His father, Aylett H. Buckner, was an iron manufacturer and extensive farmer and came from an old Virginia family of English ancestors. The elder Buckner removed first to Munfordville and in 1840 to Muhlenberg County. Young Buckner received his early education at home and afterwards entered the United States Military Academy, from which he graduated in 1844. In August of the following year he was appointed assistant professor at West Point and he held that position until May 1846.

When the war with Mexico broke out, Lieutenant Buckner applied for a position at the front. He was attached to the 6th Regiment and was promoted First Lieutenant for gallantry at Contreras and Churubusco. At Molino del Rey he was made Captain. He returned to West Point in 1848 and was appointed assistant instructor of infantry tactics. That position he retained until March 25, 1855, when he was made superintendent of the building of the Chicago custom house. While in Chicago he recruited a regiment of Illinois volunteers for the proposed Utah expedition, but they were not called into service.

In 1860 Buckner resigned his position and removed to Louisville, Ky., where he took up the practice of law. He also took an active part in the State militia. Governor Magoffin appointed him adjutant and inspector-general of the state guard. When the Civil War broke out, he strongly sympathized with the Confederacy and joined the Confederate army, taking many members of the State Guard with him. He issued a proclamation asking the people of the state to support him in his movements against the troops that had invaded the state from the North by order of President Lincoln. He established Camp Boone, and threatened Louisville but did not advance beyond Bowling Green. From there he was ordered to Fort Donelson by his superior officers, Generals Pillow and Floyd, who subsequently forced him to the alternative of abandoning his men or surrendering the fort and garrison.

He first commanded a brigade and distinguished himself in the battles of February 12-15, 1862. On the last day a gallant sortie was made. The Federals were driven back and away of escape opened for the Confederates, but General Pillow ordered them back. Gen. Buckner protested against the order, but was overruled. That afternoon Gen. Grant so arranged his forces that escape was cut off. A conference was held in the evening and Generals Floyd and Pillow escaped during the night. Gen. Buckner refused to abandon his men, the command was turned over to him and he remained in the fort until the final surrender.

An interesting incident was connected with the surrender. Gen. Grant, who had been with Buckner at West Point and was for many years his close friend, privately placed his purse at his old friend's disposal, when he was taken a prisoner of war to Fort Warren, Boston Harbor. Many years afterwards, when Gen. Grant had become financially ruined by the failure of Grant & Ward, Gen. Buckner returned the kindness showed him at Fort Donelson. He made a special trip to New York and delicately offered to lend Gen. Grant whatever sum he might require, to be paid back when convenient. It has always been understood that Gen. Grant accepted the offer, but the particulars were never revealed by either one of the two men. Gen. Buckner was one of the pall-bearers at Gen. Grant's funeral.

After his exchange in August 1862 Buckner was given command of the first division of Gen. Hardee's corps.

## ANNUAL ROLL CALL OF FAVORITE LODGE

KNIGHTS OF PYTHIAS IN FIFTH  
SPECIAL GATHERING.

Prominent Members Were Heard in  
Splendid Addresses With Trib-  
utes to the Late Judge C. A.  
Barnes—Lodge Has Grown in  
Numbers and Influence.

One of the most enthusiastic and  
best gatherings in the history of  
Favorite lodge No. 376, Knights of

death of former Supreme Chancellor Judge C. A. Barnes and requested that the entire membership rise for one minute to do honor to his name.

The first speaker of the evening was Grand Chancellor Whitfield of Decatur. He paid a glowing tribute to the memory of Judge Barnes, telling how hard it was to estimate what his loss meant to Pythianism. He also spoke of the real worth of the lodge and what it meant to be accounted one of its members.

The next selection was music by the Donovan orchestra followed by a selection from the male quartet composed of W. A. Gore, W. E. Day, Hubert Littler and J. Philip Road. When the roll was called a number of letters were read from those who were unable to attend and let-

**S. L. VAN FOSSEN OF BEARDSTOWN**  
Grand Outer Guard and One of the Speakers at Pythians' Roll Call.

Pythias, was their fifth annual roll call, which was held in Castle Hall Thursday night. There was a large gathering of members, including many from Jacksonville lodge No. 152, and others from out of the city.

District Deputy Turner called the meeting to order and introduced Rev. J. W. Kettle of Franklin as chairman of the evening. In his opening remarks he alluded to the

ters were received from as far away as California and Rhode Island. M. P. Dunlap, Grand Master of Exchequer made a splendid address. He brought tears to the eyes of the members in his recitation of the long association he had had with the late Judge Barnes. He said that for 25 years he and Mr. Barnes had attended Grand lodge together and that they had always occupied the same room. He spoke of the fine character of the man, of his unusual attainments and of what a unique place he filled in the Pythian world. He said that when the last Grand lodge meeting was held in Decatur Judge Barnes was unable to accompany him and he had to make the journey alone.

Dr. Blair of Waverly, district installing Deputy, was among the list of speakers. He stated that he was unable to be here Friday night, at time of the installation of the two lodges and he appointed Ralph I. Dunlap to act as installing deputy. S. L. Van Fossen, of Beardstown, the new Grand Outer Guard was heard in a most spirited address, and he is always a welcome guest in every city he goes. J. J. Reeve was to be one of the speakers but had gone to New York to accompany the remains of Judge Barnes home.

Favorite lodge was instituted September 7, 1892 and Capt. J. T. Bowen is said to be the father of the lodge, he and a member from lodge No. 152 having been the promoters. Mr. Bowen was a member of St. Bernard lodge No. 29, Fairbury, Illinois, and three years ago transferred his membership to lodge No. 152. At the time of the formation Grand Chancellor G. C. Cook presided. The first chancellor commander was Lee F. Morrison now of St. Louis; W. S. Camp was the first Keeper of Records and Seals. George Porter was the first master of finance. He deceased. The charter was issued Oct. 19, 1893; signed by Grand Chancellor C. A. Barnes. There were 52 charter members.

The lodge has enjoyed a good healthy growth and has not only increased in membership but also in influence. It now has 281 members. During the past year two members have died. W. E. Baker passed away at his home in Davenport, Ia., March 19th, and J. W. Marney on July 2.

Much of the success of the roll call is due to the committee in charge, L. B. Turner, chairman; E. E. Lushbaugh, John K. Long, Chas. Rataichak and M. E. Gilbert.

IDEAL BAKERY. STATE ST.

**CUT FOOT TO BONE.**  
While engaged in trimming a tree yesterday morning at 9:20 o'clock on Center street, near the plant of the Jacksonville Packing Co., Anderson Stacy had the misfortune to strike his foot in such a way with the axe he was using as to almost cut the member in two through the arch. He struck at a small limb and the axe glanced off striking his foot. Assisted by some linemen of the Bell Telephone Co., Mr. Stacy was taken to Pessavant hospital where his wound was attended by Dr. Carl E. Black. He will probably recover the use of the injured member, but will be laid up for a considerable time.

## STUDENTS WILL DEBATE MINIMUM WAGE QUESTION

Members of Forum Literary Society of J. H. S. Will Be Heard in Forensic Contest—Other Participants of Program.

The Forum Literary society will hold their regular meeting Saturday evening at 7:00 o'clock in the high school auditorium. The meeting promises to be one of unusual interest and especially the debate when the question "Resolved, that the policy of fixing a minimum wage by state boards is desirable." The affirmative will be upheld by Misses Gladys Uzzell, Florence Crane and Ruth Chipchase. The negative by, Sol Weber, Ordain Fox and Everett Reynolds. The following will act as judges of the debate, Judge F. E. Baldwin, Judge E. P. Brockhouse and H. H. Baneroff, Paul B. Fritchey will act in the capacity of critic. All the parents and friends of the students of the High school are especially invited to the speaking.

Preceding the debate the following brief program will be given: Baritone solo—Leonard Potter, Declaration—Eulalia McMurphy, "Trial Scene" Merchant of Venice—Sophomore class. Vocal duet—Bes Pyatt, Grace Wood.

## WILLIAM OSTERHOLT A GUEST IN THIS CITY

William Osterholt of Los Angeles, Calif., a former resident of Jacksonville was a visitor in this city yesterday. He used to work on the local car line and after going to Los Angeles was employed in various occupations and is now a deputy sheriff, a position he has held for the past seven years. He is now under the civil service. He is on his way to Ohio to take back a man to California, who is wanted on a charge of horse stealing. Mr. Osterholt has many friends in Jacksonville who extended him a cordial welcome. Before his trip to Ohio he intends to take him father Herman Osterholt of Ashland to Chicago, as it has been a great many years since the father visited that place.

Basketball, White Hall vs. J. H. S. Friday night, Armory hall.

Men's \$5, \$6, and \$7 velour hats for \$3.50. Myers Bros.

PLAN TO BETTER THE RACE. Battle Creek, Mich., Jan. 8.—Many men and women having a common interest in the problems relating to the welfare of humanity assembled here today for the first national conference on race betterment. The conference, which will continue its sessions several days, aims to devise a working plan having as its ultimate purpose the building of a perfect race of mortals.

Eugenics heads the list of subjects scheduled for discussion. Other subjects that are to receive the attention of the conference are infant mortality, school hygiene, community hygiene, education for parenthood, public repression of the social evil, and the cost of living as a factor in race degeneracy.

JOIN THE CHRISTMAS CLUB NOW FORMING THE AYERS NATIONAL BANK

PUTTING ROOF ON CHURCH. Rev. N. R. Johnson of Island Grove and pastor of the Methodist church at that place and at Alexander, made a business trip to the city yesterday. He says the new church building is getting along well and they hope soon to have the state roof in place. Only about \$1500 of the \$10,000 cost remains to be raised.

Sweet seedless oranges, sale 20c per doz. Muller's and Hamilton.

WILL RESIDE IN ST. LOUIS. Mr. and Mrs. C. W. Davis, who have been visiting Mrs. Davis' parents, Mr. and Mrs. Theodore Sample of Clark's Chapel, expected to leave soon for St. Louis where they will reside. Mr. Davis has a position with the C. & A. Railroad Co.

## TWO BASKETBALL GAMES SCHEDULED FOR TONIGHT

Jacksonville High School Will Meet White Hall and Routt College Plays Manchester.

Basketball will be formally opened in Jacksonville tonight when J. H. S. meet the White Hall team and Routt college five lines up against Manchester.

The J. H. S. men are in fine trim for the fray and White Hall, although they have been practicing for

DALE BOXELL  
Captain of High School Basketball Team.

two months will have to go some to down the local lads, who although small, are fast on their feet. The opening game will be only the beginning of a series of eight contests to be played here the season ending with the district tournament which is already announced will be held in Jacksonville. The management is selling tickets to the students for seventy-five cents and to others for one dollar, which makes the single game cost but little.

Coach Buland will start the game with Reynolds at center, Boxell and Pyatt as forwards and Smith and Hembrough at guards. It is probable that the second half will be played by Sutherland, center; Mayer and Wait, forwards; Pyatt, Strawn and Whitlock, guards. Fuller will probably be one of the officials.

Fifteen students of the high school have been out getting money for the sweaters which will be presented to the football boys this year. According to a ruling for the State High school association, a meeting held recently in Champaign no school can spend more than one dollar for sweaters for each student, which will do away with receiving gifts from citizens.

Routt college is expecting a lively game tonight against Manchester, the Scott county team having about the same lineup as last year. The game will take place in Liberty hall and the local line-up will be Groves, center; Walsh, Clancy, Leary forwards; Froelich, Becker and Maloney, guards.

THE FARMERS STATE BANK AND TRUST COMPANY is more than a mere safe-deposit for money. The many-sided personal service rendered its customers makes them feel that their business is appreciated. YOUR account invited.

WILL GO TO CINCINNATI. Louis Osborne who has been acting as agent for the Fleischman Yeast Company in this city for some time, has received a promotion from the company and will leave either Sunday or Monday for Cincinnati, Ohio, where he will work. Allen Taylor has been appointed Mr. Osborne's successor and will move the office to his residence at the corner of Prairie and Grove streets. Mr. Osborne's promotion comes as a deserved recognition of his faithful work.

TO THE PUBLIC. ALL PARTIES KNOWING THEMSELVES INDEBTED TO ME WILL PLEASE MAKE SETTLEMENT IF POSSIBLE AND OBLIGE. YOURS RESPECTFULLY, J. HERMAN.

IN REMEMBRANCE. In sad but loving memory of our beloved husband and father, John Halthman, who died one year ago, Jan. 9, 1913.

The Lord said you have finished. Come up higher, father dear. You have won a crown in Heaven By the pain you suffered here. Those who saw you in your casket,

Pure and white and all so fair, Thought you were the light of Heaven As you lay so sweetly there. From loving Wife and Daughters.

TANGO CLASS FRIDAY NIGHTS. Degen hall. Ladies 25c; gents 50c.

PROBATE COURT.

In the matter of the Mauvaisterre Drainage and Levee district of Morgan county. Case was continued to January 15, 1914.

In the matter of the estate of Arthur C. Weeks. Petition. Petition heard and allowed. Bond fixed at \$2,000 and approved as filed. Ordered that letters issue to Lillian M. Weeks.

## Now Comes Our Year-End Sale of Remnants.

The season's accumulation of short lengths from every piece-goods section of the store has been gathered up and marked at a price to compel its quick disposal. It's needless to dwell long upon this announcement by going into detail, for we doubt that there is a single family in this vicinity not already acquainted with the astonishing values always contained in our remnant sales. The main point to impress upon you is that the event is now going on. You must also bear in mind it is the sale that goes with a rush. Those short lengths of fashionable dress goods, silks, (enough for a skirt

or waist) will more than likely be in the first bundles that leave the store—it will be to your advantage to see that one of those bundles is under YOUR arm.

## HAS COMPANY PHYSICIANS.

Central Union Telephone Company Has Doctor in Each Town to Care For Injured Workmen.

The Central Union Telephone company has made arrangements to have a physician in each town to care for their injured workmen. The plan is almost identical with those of the railways and other public utilities and Dr. W. H. Weirich has been appointed as district physician for this territory.

Howard Anders is the first man at the local plant to be injured since the new rule went into effect just a short time ago. While working on a ladder the ladder slipped and fell with him to the ground, and as a result he suffered a fractured toe. He is at his home on East College street and will probably be kept from work two or three weeks.

### Three Good Things We Pride Ourselves On

1st: New York State pure full Cream Cheese. If you like cheese that is good, try ours.

2nd: Our Neptune Coffee; its surely the best we have ever offered to our customers—and we care not where you buy or what price you pay. Neptune at 30c per pound is a winner.

3rd: Our North Dakota Early Ohio Potatoes are fine. We got them before the frost hit them. They cook mealy and white. You can get cheaper potatoes, but none better than ours.

**ZELL'S GROCERY**

#### Repeat Orders

Sometimes a man will be talked into buying a thing and afterwards regret it. But if he repeats the order it shows that the article is staple and its importance grows with familiarity. Now listen:

Babcock Fire Extinguishers are a staple. Those who know them best buy most

freely. The State Institutions of this city have been using them for 40 years and they buy more every year. Our Saviour's Hospital bought several years ago and have since increased the number. Passavant Hospital first bought 2, then added 10. The Woman's College bought 11 and a year later bought 27 more. The Trustees of Illinois College, after having them in their own homes for years, bought 28 for the college buildings.

In business, Harry Frankel bought 1, then 2; Copps & Frank bought 2, then 1; Ehnie Bros. 3, then 7. There are but instances.

DON'T YOU THINK THEY ARE WORTH YOUR SERIOUS CONSIDERATION?

**The Johnston Agency**

#### Get Ready For the Cold Days

Just because we have been having warm, pleasant weather, don't delay getting in all the fuel you can.

Old winter is surely coming and the weather prophets promise a long cold one

Nothing better than the coal we sell.

#### JOHN MURRAY PASSES AWAY AT OUR SAVIOR'S HOSPITAL

Well Known Morgan County Farmer  
Dies of Pneumonia—Was Born In  
Ireland 74 Years Ago.

John Murray died at 11:30 Thursday morning at Our Savior's hospital after a long period of ill health followed by an attack of pneumonia. It was just three years ago yesterday that his wife, Mrs. Johanna Kelly Murray passed to her reward. Mr. Murray was removed from his home five and one half miles southwest of the city to the hospital a week ago today. Burdened with the weight of 74 years he grew worse but bore up with a Christian fortitude characteristic of his long life of integrity and adherence to duty.

Mr. Murray was born in County Tipperary, Ireland and came to this country in 1854. In 1862 he was united in marriage to Miss Johanna Kelly, daughter of Mr. and Mrs. Timothy Kelly of Alexandria. He landed in Philadelphia, on his coming to Illinois two years later, he went to Sangamon county where he lived for several years. He has resided on his farm southwest of the city for the past thirty years.

He is survived by one son and three daughters: John W. Murray of Jacksonville, Mrs. George Stouffe of Shipman, Macoupin county and Misses Mayme and Agnes Murray at home. He leaves two brothers, William of Springfield and Patrick a former sheriff of Sangamon county of the same city. His one sister, Mrs. Bright Whalen, resides in Farmersville, Ill.

The funeral will be held at 9:30 Saturday morning from the Church of Our Savior, in charge of Father J. W. Crowe. Burial will be made in Calvary cemetery. Friends are requested to please omit flowers.

3 Per cent  
Paid on  
Savings Deposits  
and Time Certificates.

**BALTIMORE TO ARRIVE  
THIS AFTERNOON**

The steamship Baltic, bearing the body of Judge Charles A. Barnes, who passed away in Leamington, England, will arrive in New York this afternoon, according to the latest advices from the ship via wireless. In a letter from F. E. Farrell, received by Mrs. Farrell yesterday, this report was confirmed and mention was made of a wireless message from the ship while yet miles from land. Mrs. Farrell is expecting a message from Mrs. Barnes this morning.

Basketball, White Hall vs. J. H. S. Friday night, Armory hall.

**RUN-DOWN FOR YEARS**

Strength Restored by Vinol. Strength and even life itself depends upon nourishment and proper assimilation of food, and unless digestion is good the whole body suffers.

Mrs. C. W. Busby of Mountsville, W. Va., says: "For years I was in a weakened, run-down condition, and I could not find anything that would help me. Vinol was recommended and I tried it. Before I finished the first bottle I was better. I continued its use and am as well as ever. I have gotten several neighbors to take Vinol with the same result."

We know the great power of Vinol, our delicious cod liver and iron tonic without oil, in building up all weakened, run-down persons, and for chronic coughs, colds and pulmonary trouble, and that is why we guarantee to return your money if it does not help you. Lee P. Allcott, Druggist, Jacksonville, Ill.

#### FEDERAL COMMANDER EXPECTS ATTACK

(Continued from page one)

eral army at Ojinaga, Mexico and crossed to Presidio, Texas, yesterday did not desert his command but is seriously ill and came to the United States to seek medical attention.

This was the report Major McNamee, commanding the United States border patrol made today to General Tasker H. Bliss, who refused General Mancilla's request to be allowed to come to San Antonio for treatment unless he resigns from the Mexican army.

**Fuel Oil is Scarce.** Mexico City, Jan. 8.—The problem of supplying fuel oil has grown more serious. Although the rebels have not succeeded in entirely cutting off the supply, it is realized that at any time they may destroy the wells in the Tampico and Tuxpam districts.

In anticipation of this, work is being rushed at the railway shops to re-convert the locomotives into coal burners and cargoes of coal are being hurried to the republic from outside points. The Mexican mines are located in the rebel territory and the coal which is being imported is from the United States. A line with President Huerta's announcement that he would get money where and how he could, reports of forced loans in outlying districts are being received with greater frequency. In Morelos the center of the Zapatha activities it is reliably stated that the property owners have been informed they are expected to contribute more than 1,000,000 pesos (\$500,000). In Zacatecas the quota has been fixed at 270,000 pesos. The people of Michoacan also have been notified that they must contribute. Warning accompanied the notification that failure to comply would be regarded as proof of unfriendliness to the government.

**MR. WORTHINGTON WRITES  
OF MUNICIPAL OWNERSHIP**  
The January Public Service magazine contains a contribution on "Regulation vs. Municipal Ownership" by Hon. Thomas Worthington. The article enumerates a number of objections to municipal ownership and discusses "How state control of public utilities has changed conditions." Mr. Worthington asserts that municipal ownership is inefficient, that it subjects the city government to great losses from damage suits and that it is contrary to the maxim "that no government should embark in a business that can as well be conducted by a private enterprise." Municipal ownership is unfair to private enterprise because it is unnecessary, he says. He concludes the article with a short discussion of the lighting situation here and the history of the water system.

#### TRADES ASSEMBLY ELECTS

The semi-annual election of officers of the Trades & Labor Assembly was held Thursday night with the following results:

President—John Wunderlick.

Vice-president—Guy W. Goodrick.

Corresponding and recording secretary—Abe L. Wood.

Financial Secretary and Treasurer—Peter Knobel.

Trustees—Frank McKenna, A. F. Schvertman and Walter Quinlan.

Sergeant at arms—John Shields.

#### LONG PROMISED RAID UPON MAJOR LEAGUE HAS BEGUN

Tinker Will Visit Many Players of  
Note in Interest of Chicago Federal League Club.

Chicago, Jan. 8.—The long promised raid upon the major leagues for baseball talent has begun in earnest by Federal League interests according to Joe Tinker, manager of the Chicago club who left tonight on a trip which he says will take him to the homes of many players who have won fame in the National and American leagues.

On Knabe of the Baltimore club and Mordcaid Brown of the St. Louis club soon will start on similar pilgrimages, Tinker said.

Tinker refused to name any of the players he intends to visit or to say where his first stop would be. He left the city a few hours after the return here of President Murphy of the Chicago Nationals.

Murphy has been in Cincinnati at the National commission meeting. The Cub president asserted he learned there that Tinker's disregard of rules governing drinking was one of the reasons why he was released by the Cincinnati club.

"Last season was my most successful in baseball and if I thought my success was due to drinking I would spend more time at the bar," was Tinker's reply. "I led the league shortstops in hitting. I was not such a hard drinker that the Brooklyn club hesitated to pay \$25,000 for my services without consulting me."

"Mr. Murphy, himself, had a conversation with me after the Brooklyn negotiations had started and in violation of the National agreement. He said he had paid \$10,000 for the services of Roger Bresnahan and hinted that he thought as highly of my ability to play ball."

#### ANSWER CHARGES.

Springfield, Ill., Jan. 8.—State Superintendent of Insurance Rufus M. Potts, will tomorrow make a report to the governor on the charges brought against him by Percy Sullivan of Decatur, head of the Assured Mutual Insurance company of that city. Since making the charges Sullivan who was indicted by the federal grand jury on a charge of sending obscene matter through the mails attacking Potts, has withdrawn his allegations. Despite this action however, the charges will be answered by Supt. Potts.

#### FORMER GOVERNOR OF KENTUCKY DIES

(Continued From Page One.)

He was made major general, and distinguished himself at the battles of Murfreesboro and Chickamauga. He succeeded to the command of Kirby Smith's army as Lieutenant-General, and surrendered it on May 26, 1865, at Baton Rouge.

While occupied with the adjustment of his financial affairs after the war, he engaged in journalism, first in New Orleans and later in Louisville. In 1870 he took up his residence on the farm in Hart County, where he was born, and in 1887 was elected Governor of Kentucky, defeating William F. Bradley by 17,000 votes. During his term of office a large amount of money was required for pressing emergency use and Governor Buckner advanced to the Commonwealth \$50,000 without charging interest. He improved the various branches of public service in many ways during his administration. He was elected delegate to the State Constitutional Convention and on Sept. 3, 1896 the Independent Democrats convened at Indianapolis, nominated him for Vice President of the United States on the ticket headed by John M. Palmer.

#### HAVE NOT CAUGHT BURGLARS

A report gained circulation Thursday night that three burglars who robbed Mallicoat's and Wells' saloons at Arenville Wednesday night, had been traced by bloodhounds and caught. Bloodhounds were used in an effort to locate the thieves but investigation proved that the rumor that they had been caught, is erroneous.

## HOLINESS PROP OF METHODIST CHURCH

Rev. William Brandon Issues Statement.

With the declaration that "Holiness" is one of the church's standards and must necessarily be incorporated in the principles of every rightly constituted Methodist church, Rev. William Brandon, pastor of Kemler M. F. church, Springfield, has issued a statement.

In his statement the pastor says: "I have no disposition to get into the papers. I do not feel that my personal character or reputation as a Methodist minister needs defense. I am perfectly willing to stand on my record truthfully stated, and if any one came to state it differently let him take the responsibility."

"I do not care to make any reply to the statement made by the Evening News, January 5th, or the Journal, but in the State Register of January 6th. Passing by all personal references to myself, feeling that I know the facts in the matter, I leave that there, but mention by all personal references to the holiness and anti-holiness people of the Kemler Methodist church, with a plain inference that those who are said to be going to leave the Kemler Methodist Episcopal church are anti-holiness people."

**Anti-Holiness Not Valid Reason.**  
"Now, without regard to the local situation and to show that this statement cannot be correct, I want to state the position of our church. If people want to get out of a holiness church or a church that believes in holiness they will have to get out of the Methodist Episcopal church, not only the Kemler Methodist Episcopal church, but out of every other Methodist Episcopal church, for the entire church stands committed to the doctrine of holiness. It has been the claim and boast of the Methodist Episcopal church that its peculiar distinctive excuse for living was and is that it was raised up to spread scriptural holiness throughout the world."

In the last discipline of the church, 1912, in the Episcopal address, page 3, there is this declaration: "We believe that God's design in arising up the Methodist Episcopal church in America was to aid in evangelizing the continent and to spread scriptural holiness over these lands, and to this is subscribed the names of 29 of the bishops of the church and eight of the missionary bishops."

**Quotes From Discipline.**  
"On page 106, of the same discipline, paragraph 121, Rule 10, concerning the work of the preachers: 'Observe, it is not your business only to preach so many times and take care of this or that society, but to save as many sinners as you can to repentance and do all you can to bring them up to that holiness, without which they cannot see the Lord.' In the same discipline, page 113, under the head of 'Where and How to Preach, paragraph 143: (Effectual way of preaching Christ is to preach Him in all His offices and to declare His law as well as His gospel both to believers and unbelievers). Let us strongly and closely insist upon inward and outward business in all its branches. The church commits each one of its preachers to this doctrine."

In the last discipline of the church, page 121, where the preacher is before the bar for admission, he is asked the following questions:

"Question 1—Have you faith in Christ? To which you must answer yes."

"Question 2—Are you going on to perfection? To which you must answer yes."

"Question 3—Do you expect to be made perfect in love in this life? To which he must answer yes."

"Question 4—Are you earnestly striving after it? To which he must answer yes."

**What League Constitution Says.**

In the constitution of the Epworth league, article 2, object: "The object of the league shall be to promote intelligent vital piety in the young members and friends of the church and to aid them in the attainment of purity of heart. And the pledge of the Epworth league: 'I will earnestly seek for myself and do what I can to aid others to attain the highest new standard of experience and life.'"

"There is no use to multiply quotations. Methodist literature is saturated with the doctrine of scriptural holiness and the preaching and teaching of this has contributed very largely to the success of the church. They are not to be blamed or censured who think that this doctrine is limited to one particular congregation, they do not understand the doctrines of Methodism."

"This statement is made simply that people of Methodism and people in general may understand the position and teachings of the church on this doctrine and there can be no division within the Methodist church upon this doctrine, for all preachers and teachers are committed to it."

—William Brandon, Pastor, Kemler M. E. Church."

## HERE TO PROMOTE PEACE CELEBRATION.

New York, Jan. 8.—Among the notable passengers who arrived in New York this week on the Baltic was the Earl of Kintore, who is a firm believer in closer Anglo-American relations and has come over to assist in the efforts to make the celebration of the hundred years of peace among English speaking peoples an epoch making event. The earl is a prominent figure in social and political life in England. He was at one time a lord in waiting to Queen Victoria, and subsequently served as governor of South Australia. He was born in 1851 and succeeded his father to the title in 1880. The title is a very old one. The first early of Kintore was created a knight-marshal of Scotland in 1650 and that office was made hereditary in his family in consideration of the loyalty and dexterity he had displayed in preventing the Scotch regalia from falling into the hands of Cromwell.

## BATTLE ANNIVERSARY.

New Orleans, Jan. 8.—Handsome floral offerings were deposited today about the base of the statue of Gen. Jackson, who defeated the British in the battle of New Orleans on January 8, 1815. The courts, the banks and exchanges were closed and the day was otherwise observed as a legal holiday in this city.

## TELLS OF MARVELOUS GROWTH OF TOWN OF JUNTURA, ORE.

Founded and Has Grown to a Population of Three Hundred in a Year.

D. K. Laurie, who is engaged in missionary work in Oregon, has sent to some Jacksonville friends a paper containing an account of the growth of Juntura, Ore., a town which was founded a year ago and now has a population over three hundred. The article follows:

"Christmas, 1913, finds quite a change in this place from the conditions of this place a year ago. One year ago Juntura existed only in the speculations of its promoters, today we find a thriving town of over three hundred souls, a school, church, stores, graded streets, a railroad and the general foundation for a good little city."

"Where last year the hungry coyote wished the bashful jackrabbit a Merry Christmas, this year we hear Christmas carols rolling up from the throats of a hundred school children. Last year the buckaroo came to this part of the valley only to gather cattle or haul hay, now he comes in decked out to spend a holiday in town."

"A year ago work on the big tunnel was progressing slowly and the coming of the cars was looked ahead to with great expectancy but some little doubt, today we have a good train service and this point has contributed more pendage to the new railroad than any other new point in the history of the O. W. R. & N."

"We celebrate the advent of Santa Claus in a new church building, made possible by the progressive spirit of our citizens."

"We spend our evenings in a first class picture show, buy our supplies from as progressive class of merchants as can be found in the state. We have the newest banking house in Eastern Oregon, as well as the best system of graded streets and many other points of advantage over our condition a year ago."

"Truly there has been a wonderful change in the past twelve months, which will be equaled or eclipsed by the coming year. While a great many of us are living in tents at the present time, next year we can hang our stockings from the mantel piece, to get to bed and dream about brushing the snow off the cement sidewalk out to the garage."

"Another year a new school house will cast its shadow across the trees in Hanley park, the bells of another church or two will call the worshipers to prayer, electric lights will guide us on our way home in the evening, and waterworks will make it possible for us to enjoy a bath and many of the other comforts of a city home. Passengers will take the train at a new \$10,000 stone depot, the chilling winds will be tempered by the 2,500 trees planted this summer, the products of the little five acre farms that adjoin the city will do much to reduce the cost of living in Juntura, while our remarkable climate, progressive people and wonderful resources will do as much to make living in Juntura a pleasure. Watch it come about."

## CONTEST OVER GATES ESTATE.

Minneapolis, Jan. 8.—In the probate court here today arguments were heard in the legal contest of the late Charles G. Gates, who died recently in Cody, Wyo., leaving a large estate. The contest was begun by the state of Minnesota in an effort to collect the inheritance tax on the estate. The heirs of Mr. Gates, on the other hand, maintain that his legal residence was in Port Arthur, Texas, and that Minnesota has no right to collect the inheritance tax.

## A. A. CURRY, HAS RESIGNED BANK POSITION

Severs Official Relations With Jacksonville National to Devote More Time to His Other Pressing Interests.

A. A. Curry, for some time vice president of the Jacksonville National bank, has tendered his resignation which has been accepted with reluctance by the management of that solid institution. His relations with both the former directors and the present board were most cordial and his presence and assistance in the management of its affairs was quite valuable as his reputation as a business man of wide acquaintance, strict integrity and personal success all added much to the prestige of the institution which he had served for some time.

He felt however that he could not do full justice to his duties in the bank and give suitable attention to his other interests. He has large real estate holdings in this county and in Texas and the management of them requires much time and attention. Then he is president of the board of trustees of Shurtleff college and chairman of the executive committee which has charge of the loaning of college funds and it is needless to say that these duties also require much time so that he felt he would be obliged to give up something. He surrenders his office with the best of mutual feeling and will continue his business relations with the bank as in the past.

## FORMER SENATOR CLARK IS 75 YEARS OF AGE.

Met With Brilliant Success in Mining and Controls Millions of Dollars.

New York, Jan. 8.—William A. Clark of Butte and New York, millionaire, art collector, former United States senator from Montana, and president and director of more than a score of mining companies, railroads and other big corporations, today passed the 75th milestone on his journey through life. And it certainly has been some journey, as the boys of the street would say. It was a humble home, near Connellsville, Pa., where the future millionaire first saw the light of day in 1839. The age of 21 found him teaching a country school in Missouri. One year later marked the turn of the tide in his career. In 1862 he went to Colorado and from there to Montana. He became interested in mining and met with marvelous success. Before many years had passed "Clark of Montana" became a name to conjure with in the west, and it drew forth the hidden hoards of Wall street. To have an income of \$1,000,000 a month, to manage gigantic business corporations, to be senator of the United States and to control the politics of the state of Montana—this is the lot that fell to the former school teacher. When he had his fill of politics and public life Mr. Clark came to New York and built a 125 room mansion on Fifth avenue at a cost of \$7,000,000. The house is one of the show places in the metropolis. It is filled with one of the finest art collections in America and contains every luxury that wealth can buy. But the owner of the great mansion occupies it only a few weeks in the year. The rest of his time he resides in Washington or spends in travel.

## MINNESOTA POULTRY SHOW.

Minneapolis, Jan. 8.—One of the largest shows of poultry and pet stock ever held in the northwest was opened in this city today under the auspices of the Minnesota Poultry association. Exhibits are on display from a number of states and from Canada. The show will continue through the remainder of the week.

## Don't Fuss With Mustard Plasters!

There's no sense in mixing up a mess of mustard, flour and water and getting everything all muddled up when you can so easily relieve that pain or soreness with a little clean, white MUSTEROLE.

MUSTEROLE is made of pure oil of mustard and other helpful ingredients, combined in the form of a pleasant white ointment. It takes the place of the out-of-date mustard plaster, and will not blister!

MUSTEROLE gives instant relief from Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, as you speak of it, no blister!

Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it prevents Pneumonia).

At your drugist's in 25c and 50c jars, and a special large hospital size for \$2.50. Accept no substitute. If your drugist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio and we will mail you a jar, postage prepaid.

Dr. M. M. Kittell, Jamaica, N. J., says: "Sample of Musterole was received and have found it very satisfactory indeed. Produces quick results; and indeed, as you speak of it, no blister."

### GOOD PAVEMENTS IS SUBJECT OF ADDRESS

JOHN MAC VICAR SPEAKS AT  
BUSINESS MEN'S LUNCHEON

City Commissioner of Des Moines, Iowa Tells of Highways Constructed With Asphalt—Lecture Graphically Illustrated With Stereopticon Views.

A goodly number of ladies and gentlemen sat down to a splendid luncheon Thursday evening at the Peacock Inn and at the close Frank J. Diehl introduced John Mac Vicar of Des Moines, Iowa, who spoke at length on the subject of how to make good street pavements in cities. Mr. Mac Vicar is a city commissioner of Des Moines, Ia., and has had wide experience in the use of asphalt and street paving. He said substantially:

It has been said that the administration of a city's government is the most important, the most imperative, as well as the most difficult of all the duties which the city imposes. One of the most important and difficult branches of municipal government is the care of streets.

Upon this subject of city government there have been many theories expounded than upon any like subject with which I am familiar, and with less visible result. The late Mayor Gaynor said that essentially to successful municipal government is the selection of competent men to office. The Bureau of Municipal Research of New York says that it is the efficient man, rather than the honest man that is to be selected, (that honesty usually goes with efficiency.) Mayor Brand Whitlock insists that what is needed is more democracy. Ambassador Bryce says what America needs for successful municipal government is less or "personal self-interests" and the elimination of partisan politics; all our commercial clubs agree that what is needed is the application of business methods to city management and the election of successful business men to office; but Rudolph Spreckles came from California to tell the Chicago Commercial Club that we must reform our business ethics before we could hope to reform our municipal governments.

Conditions in Germany. It is said that Germany has more efficient city government and better constructed public works than we have in America. That might well be, for in Germany a paternal government has only to inquire the road to efficiency, and having found it to follow it. With us the problems are different; here the people are the rulers, and any undertaking no matter how meritorious it may be, which has not public sanction, is but a perversion of our institutions. There can be no good in municipal government—there can be no good in any government in America—that is not democratic. Therefore it is for us to achieve efficiency and democracy. It used to be thought that this could not be; that living in a land ruled by the people we should not expect to be free from waste and extravagance; that in return for the real privilege of governing ourselves we must tolerate incompetency and be content with having municipal duties poorly performed and public contracts poorly executed. But this day of little faith in the ability of American cities to properly conduct their affairs is rapidly passing away. Within a few years hundreds of American cities, led by Galveston and Des Moines, have proved to the world that through a system which brings the affairs of city government more directly under the charge and supervision of real representatives of the people, such as is experienced under commission government, and by initiative and referendum, the people can and will intelligently direct their city affairs. With these added powers in the hands of the people it is important that they become intelligently informed on such public questions as street pavements and road construction.

The citizen who studies into the question of street pavements and road construction is performing not only a public duty, but we have the highest authority for the belief that the care of streets and roads is a religious duty as well. We are taught in Holy Writ to make straight and smooth the pathways, and we find the Bible also teaches us that roads and streets should be designed and constructed with a view to the traffic they are expected to sustain. We are told that the road to everlasting life is straight and narrow, and is expected to sustain only a light traffic, while the road to destruction is through a wide gate and a broad way, and alas—Many are they that walk therein! Then we know that the streets of Heaven are paved with gold, and it is the popular belief that those of Hades are paved with good intentions.

Good Foundation Necessary. A successful pavement must have a good foundation and a good roof. It will be readily seen that a good foundation is most essential, for if the surface gives out you still have a value in the foundation, but if the foundation fails you have neither surface nor foundation. In this age of Portland cement no difficulty should be experienced in securing a good foundation for a pavement. Intelligent engineering with reasonable inspection or common honesty on the part of the contractor will insure this.

First Use of Asphalt. Conceding all that is claimed for the various types of pavements, asphalt is entitled to be considered the standard street wearing surface of the world. Asphalt first came into use in America as a paving material in 1870, and has been in constant use since that time, and today more of this material is used for

pavements than all other kinds combined. Sheet asphalt was first laid in the United States in front of the city hall in Newark, N. J. In 1872 it was laid on Fifth Avenue, New York, opposite the Worth monument. These surfaces were of Trinidad Lake Asphalt, and gave such satisfaction that the Commission appointed by congress in 1876 to investigate the use of asphalt in Pennsylvania, D. C., selected this material for a portion of 54,000 yards then laid, the remainder being laid with rock asphalt. Today sheet asphalt is accepted as the standard form of construction, and it is estimated that upwards of 200,000,000 square yards of such pavement have been laid in the United States and other countries.

Going to the source of the material most essential in the building of successful roads and pavements, I shall talk first about the tropical lakes from which Trinidad and Bermudez products are obtained. There are other sources of natural asphalt but these two lakes are by far the best known and from these the larger part of the true asphalt used in pavements is derived.

The Trinidad deposit is the largest known supply of solid bitumen. It occupies the crater of an extinct mud volcano on the island of Trinidad, British West Indies. The lake has an area of about 114 acres and a depth of 135 feet. Three and a quarter million tons have been taken from this deposit in the last forty-five years, reducing but slightly the level of the lake. It may seem strange to speak of this deposit as a lake, but there is no other word that better fits its peculiarities. It is solid in the usual sense of the word, yet the lake is in constant through imperceptible motion. The pure bitumen content of Trinidad asphalt amounts to about 40 per cent of its bulk in the crude state. The remainder is water, gas and mineral matter.

Formula for Asphalt. The chemists do not give us a very definite formula for asphalt, but they all agree that it is a form of native bitumen consisting of a mixture of hydrocarbons. Native bitumen may be a gas, a liquid, a very viscous liquid or maltha, or a solid. Asphalt is one of the solid forms of native bitumen. It is fairly well settled that the asphalt of Trinidad is formed by a process of a very slow evolution from asphaltic petroleum existing at great depths below the surface of the ground. As this petroleum pressed upward it became mixed with the clay and other earthy substances. It also hardened considerably as a result of exposure to air and climatic influence until it became the substance now mined from the lake.

Attempts are constantly made to duplicate the natural lake asphalt by cooking down to a semi-solid consistency petroleum oil from various parts of the United States and Mexico, and many of these products are described as asphalt. In fact many people fail to distinguish between lake asphalt and the manufactured oil product, and sometimes tar is included in the blanket term "asphaltum." It is important to differentiate the natural and artificial or manufactured products. The natural asphalt, slowly formed and long subjected to nature's influences, have certain fixed characteristics, which have not been duplicated in any manufactured product. Just as diamonds, chemically speaking, are made in the electric furnace; as something that resembles silk is made from vegetable fibre; or as synthetic rubber is made from starch and oil—so something that looks like asphalt is made from heavy petroleum, and these residuals are afterwards called asphalt, which indeed they closely resemble not only superficially but under laboratory analysis. When, however, we came to observe the performance of the two products in service—and after all service test is the only real test of a paving material—it is evident that the manufactured asphalt like artificial silk and artificial rubber, has the same limitations.

Care in Laying Pavements. Following the first sheet asphalt pavement laid in the United States in 1870, and for many years thereafter, hit-and-miss methods of construction were followed which were responsible for the existence of so much bad asphalt pavement. Even now pavements are laid by those who fail to appreciate the fact that the utmost care, exactness and skill is necessary in order to make a good pavement. There is first necessity for a foundation which according to the weight of the traffic should be from four to six inches of Portland concrete cement. Upon this, according to the best practice, is laid a binder course or layer of broken stone from 3-4 to 1 inch in diameter, coated with asphalt cement and then spread hot and compressed on the foundation by heavy steam rollers. Upon this binder course is laid the wearing surface of 1 1/2 to 2 inches thickness, composed of the very carefully graded sand and fine dust and about 10 per cent of asphalt. Experts have now found that whether or not the pavement will be good or bad depends very largely upon how the sand going into the wearing surface is graded. It must consist in varying amounts of very fine filler and sands of graded sizes. Portland cement is found to make the best filler for heavy traffic. This sand is heated and mixed with the asphalt at local paving plants, carted to the place where it is laid and spread hot to be rolled until perfect compaction is obtained.

Road Building. Road building is an art and cannot be successfully conducted without careful attention to, and application of, scientific principles. I hope this evening to be able to explain to you some of the principles of road construction, which are the components of bituminous pavements and road crusts.

Increased interest is being exhibited at the present time in the construction of bituminous surface to resist the destructive action of motor car travel on our country highways, and it is of importance to in-

quire into the character of the bitumens which may be used as binders or cementing material in such surfaces, and in regard to the most satisfactory construction which is to be recommended at the present time.

The need of some better binder than water for macadam roads was emphasized when automobiles began to multiply by the thousands and to frequent road ways that theretofore had none other than horse-drawn traffic. The action of rapidly moving motor car wheels is to destroy the surface of the road, and only a very tenacious binder can be depended upon to hold together a road over which there passes a great amount of motor traffic.

Asphaltic macadam roads are built in a very different manner from that just described as applying to the construction of sheet asphalt pavements. Necessarily there cannot be the same care in the grading of the stone that goes into the road. The two principal methods of road construction with stone are known as the mixing and penetration methods. Where, however, the cost of a mixed method is prohibitive, admirable highways have been built by the penetration method, which stand up under very heavy traffic for many years. There are some roads of this description built in New York, Massachusetts, and other states, four years ago that have cost nothing for maintenance, and which are now in almost perfect condition; on the other hand some roads so constructed have proved of little value because of faulty construction or inferior materials.

Surface Treatment. Besides these methods of road construction there is a method for surface treatment of macadam or gravel roads, which I will briefly describe. The theory that the formation of natural lake asphalt was by evolution from petroleum, was not long ago confirmed by the discovery of heavy asphaltic petroleum in the neighborhood of the Trinidad lake, which has been described as the "mother substance" of the lake asphalt. This material, known as Trinidad liquid asphalt, is used for the surface treatment of roads.

For this purpose about half a gallon to the yard is applied, after the road surface has been swept clean of dust and dirt. This thin coat of bitumen is distributed by means of tank wagons having pressure device and spreading attachment similar to that of a water-sprinkler. Over the liquid asphalt there is spread a layer of clean dry screenings to absorb the asphalt that has not penetrated into the surface.

with its officers.

### VETERAN YEGGMAN ON TRIAL

"Oakland Sammy" Williams Arraigned in United States District Court in Alabama.

Montgomery, Ala., Jan. 8.—"Oakland Sammy" Williams, who, under one name or another is known to the police of half the states of the union, was arraigned in the United States district court here today to stand trial on a charge of robbing the postoffice at Marion, Ala., more than twelve years ago. Williams was released from the South Carolina penitentiary in November, being one of the 100 convicts who were turned loose by Governor Blease on Thanksgiving day. He was arrested as he was leaving prison and returned here for trial on the twelve-year old charge.

Williams originally came from Oakland, Cal., but for many years he has been known as one of the most daring yeggmen who ever operated in the middle west and south. Jail breaking is a specialty for which he is noted. In 1898 he escaped while being taken to the Missouri penitentiary to serve a sentence for burglary. In 1901 he was arrested for robbing the safe in the postoffice at Marion, Ala. While confined in the jail in this city awaiting trial he made his escape during a heavy storm. Some months later he was recognized and arrested in Quincy, Fla. He set fire to the jail and again made his escape. He was not heard from again until 1903, when he was arrested in Charleston, S. C., on a charge of having burglars' tools in his possession. Two days after his arrest he unlocked his cell door with a wooden key, but his attempt to escape was frustrated. He was given a speedy trial and on the strength of his bad record was sent to prison for fifteen years.

### WILL HOLD ANNUAL MEETING.

The annual meeting of Central Christian church will be held at the church next Wednesday evening and will take the place of prayer meeting. Reports of the different departments of the church will be heard and an election of officers will be held. The reports along missionary lines this year will be one of the best ever had, as the past year has been most successful.

## Hooray! Baby To Rule the House

No Longer Do Women Fear The Great-est of All Human Blessings.

It is a joy and comfort to know that these much-talked-of pains and other distresses that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will follow the advice of the well-known and time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous twitching spells, but there is an entire freedom from nausea, discomfort, sleeplessness and dread that so often leave their impress upon the babe.

The occasion is therefore one of unbounded, joyful anticipation, and too much stress can not be laid upon the remarkable influence which a mother's happy, pre-natal disposition has upon the health and fortunes of the generation to come.

Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom have used and recommend it. You will find it on sale at all drug stores at \$1.00 a bottle. Write to-day to the Bradford Regulator Co., 130 Lamar Bldg., Atlanta, Ga., for a most instructive book on this greatest of all subjects, motherhood.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

## INVESTIGATION OF VICE CONDITIONS IN WISCONSIN

Committee of Legislature Hold Hearing Into Conditions at LaCrosse.

LaCrosse, Wis., Jan. 8.—The investigation of vice conditions in Wisconsin, began here today by the special joint committee of the Wisconsin legislature was well under way when adjournment was taken tonight. Road house, the segregated district, saloons and wages and working conditions under which girls are forced to make a livelihood were named by several witnesses to-day as the chief factors in the downfall of the girls of LaCrosse.

John Brindley, for sixteen years county judge of LaCrosse county, testified that he had little confidence in girls being reformed in state institutions. (Rather than confining girls in reform schools he favored the parole system under which he said he had had remarkable success.

Referring to the wage question he testified that no cases have been started in county court in sixteen years as a result of girls being led astray because of small wages paid them. He also testified that juvenile offenses decreased thirty percent in LaCrosse the year following the establishment of recreation grounds.

## BUILD UP YOUR SICK STOMACH

Mi-o-na Soothes the Irritated Mem-branes, Stimulates and Strength-ens the Stomach.

Mi-o-na is one of the most effective and safe remedies for out-of-order stomachs. It quickly and surely stimulates and strengthens the stomach walls. It increases the flow of the gastric juices, soothes the irritated membrane, and benefits the entire digestive system.

Buy from any druggist a fifty cent box of Mi-o-na Tablets and begin now to build up your sick and worn out stomach. Do it now—do not delay—many serious diseases start from what was thought to be only an upset stomach.

If you lack an appetite, your tongue is coated, nerves on edge, have risings of sour and undigested food and experience after-eating distress you are suffering with indigestion or sick stomach.

You should take Mi-o-na at once. Without good digestion you are improperly nourished—you are lacking in vitality and your resistance is low—a serious illness may result.

Begin now—today—the Mi-o-na treatment and enjoy good health. Always sold on money back if not benefited plan. Druggists everywhere.

## ENTERTAIN AT DINNER.

Mr. and Mrs. Jacob Davis of West Richards street entertained a limited number of friends Wednesday evening at a five course dinner in honor of their daughter, Mrs. James E. Mallory of Chicago Heights.

## VALUE OF RHEUMA

### FROM THE COURT

Judge Barhorst Was Relieved of Rheumatism After Doctors Failed.

If you have tried many other remedies and doctors' treatments for rheumatism and found they failed, do not be skeptical about trying RHEUMA. Read the testimony of Judge John Barhorst of Fort Lorraine, O.

"After treatment by three doctors without result, I have been cured of a very bad case of Rheumatism by using two bottles of RHEUMA. It is now two years since I used the remedy and I am still as well as ever. Previously, I was a cripple, walking with crutches."

Such testimony should be convincing. 50 cents a bottle at all druggists.—Adv.

## FORM JACKSON MEMORIAL ASSOCIATION.

Nashville, Tenn., Jan. 8.—At a conference here today of leading citizens of Tennessee and several other states steps were taken to form a National Andrew Jackson Memorial association. The association will endeavor to secure a federal appropriation to establish a national park in this vicinity in memory of President Jackson, who is buried at the Hermitage, near this city.

## HEAD STUFFED? GOT

### A COLD? TRY PAPE'S

"Pape's Cold Compound" Relieves Worst Cold or the Grippe in Few Hours—No Quinine Used.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged up nostrils and the air passages of the head; stops the discharge of nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

## CITY AND COUNTY

Robert Scott of Markham was a city caller yesterday.

Willard Young of Litchfield was a city visitor yesterday.

Robert Coates of Lynnhaven made the city a visit yesterday.

Fred Killam was a city visitor yesterday from Markham.

Rev. J. P. Edgar of Carrollton was a city visitor yesterday.

George W. Brown of Murrayville was a city visitor yesterday.

Ralph Withee of Ottawa was a visitor in the city Thursday.

H. H. Bancroft was a business visitor in Concord yesterday.

Mrs. Fred Meggison of Woodson was a city shopper yesterday.

Mrs. Frank Hunter was a city visitor Thursday from Sinclair.

John Keener of Winchester was a visitor in the city yesterday.

J. O. Vosseller was in Beardstown yesterday attending to business.

Fred Menezes of Bushnell is in the city for a visit with relatives.

R. Fehr of Litchfield was a business caller in the city yesterday.

Thomas Oxley was a Jacksonville visitor yesterday from Nortonville.

Rev. E. Beck has returned from a visit with friends in Springfield.

Mr. and Mrs. E. L. Clark of Litchfield were city shoppers yesterday.

Richard Stanley of Joy Prairie was an arrival in the city yesterday.

Mrs. Agnes Murray of Murrayville made the city a visit yesterday.

Lewis Shaw of Springfield was a business caller in the city Thursday.

Daniel Cook of Sinclair was among the Thursday visitors in the city.

Dr. G. W. Bradley was a professional visitor yesterday in Joy Prairie.

Mr. and Mrs. E. E. Ratliff of Litchfield were city shoppers yesterday.

Miss Ruth Nixon of Beardstown was among the city shoppers yesterday.

Miss Bertha Williams of Chapin was among the city shoppers yesterday.

Miss Bertha Williams of Chapin was a shopper in Jacksonville yesterday.

W. V. Connolly of Murrayville was among the visitors in the city yesterday.

William Robinson of Versailles called on Jacksonville business men yesterday.

Henry Detmer of Beardstown was attending to business in the city yesterday.

Mrs. Jerry Flynn of Buckhorn was trading with city merchants yesterday.

Mr. and Mrs. George Beekman of Pisgah were visiting city friends yesterday.

Dr. J. B. Perkins of Franklin was a professional visitor in the city yesterday.

L. A. Seymour of Nortonville was in the city yesterday attending to business.

William Stansfield of Murrayville was a business caller in the city Thursday.

Farwell Wagstaff of Murrayville was transacting business in the city yesterday.

George Simpkins of the southeast part of the county was in the city yesterday.

Louis Gunderson of Springfield visited the city yesterday on business interests.

S. A. Bracewell was a city visitor yesterday from the Murrayville neighborhood.

Warren Fanning of Murrayville was attending to business in the city yesterday.

Dr. C. A. Armstrong was a business visitor in the city yesterday from Franklin.

A. L. McDonald and P. W. Trotter made a business trip to Meredosia yesterday.

I. W. Wassell of the southwest part of the county made the city a visit yesterday.

Mr. and Mrs. Charles Wright were visitors in the city from Franklin Thursday.

M. O. Mathews of Westminster street was attending to business in Concord yesterday.

Mrs. Fred Nieheiser, daughter Flora and son William, were all up yesterday from Chapin.

William Gibbs and John D. Keemer of Scott county made a business trip to the city yesterday.

A. L. Hamilton, formerly of Waverly but now of Springfield, visited city friends yesterday.

Mrs. George Niehaus, son and daughter were all city shoppers from Chapin yesterday.

Miss Ada Rogers of Springfield is visiting her sister, Mrs. L. A. Branom on East College avenue.

Mrs. John Henry of Chapin was in the city yesterday on her way to Asbury to visit Mrs. John Wasson.

J. L. Moon, William and Ada White, residents of Indianapolis, were registered in the city yesterday.

Mr. and Mrs. William Beekman and Frank Wigginjost were among the residents of Pisgah who visited the city yesterday.

Mrs. J. G. Fernandes has gone to Perry to remain during the winter with her mother, Mrs. Remington, who is in poor health.

T. M. Tomlinson's store was heated yesterday with oil stoves and was warm enough as the weather was mild. The boiler of the heating plant took a notion to break down but it will soon be fixed and meanwhile the store is plenty warm.

Henry Grunder from the south part of the county visited the city yesterday. He is now a well to do farmer rather well along in years. Some time ago he taught school in Meredosia and yesterday had an interview with an old time friend, George W. Sargent of the store of Andre & Andre.

The pleasant face of Mrs. Joanna Vieira, whose illness was recently mentioned, will be missed in the Northminster Sunday school where she has been one of the most faithful and regular attendants for many years though she is now nearly ninety years old. Her friends hope to see her there again soon.

## SPEAKER URGES NATION WIDE CO-OPERATION AMONG FARMERS

Chairman of Gleaners' Convention Advocates Co-operative Ownership of Creameries and Grain Elevators.

Toledo, O., Jan. 8.—Delegates attending the convention of the Ancient Order of Gleaners, a society composed of farmers of Ohio, Michigan, Indiana, Illinois and Iowa, began active work here today after standing committees had been appointed.

That there are more than six million farmers in the five states working on a hit-and-miss plan without regard for the laws of supply and demand was one of the statements made by Fred R. Marvin, of Detroit, chairman of the convention in his opening address. Reduction of the cost of production and distribution of farm products and farm supplies is one of the aims of the organization, Mr. Marvin said.

The speaker urged nation-wide co-operation among farmers in order to eliminate unnecessary competition and co-operative ownership of creameries, grain elevators and similar institutions which he said would prove a great benefit to the farmer.

Every T. P. A. member should attend the box supper and dance Saturday night at Degen's hall.

## FARMERS ATTENTION

Geo. S. Gay, Jacksonville, Ill., wish to announce that they have arranged with the American Steel & Wire Company for a moving picture entertainment of great interest to the farmers. This is entitled "Through the Furnace to the Farm," and deals with the manufacture of steel, especially the nails, barbed wire and woven wire fence used on the farm.

There are 5,000 feet of film in five reels, and these are just a few of the scenes shown:

Mining with giant steam shovels. Mammoth Clam-Shell buckets. Blast Ore-carrying boats. Blast Furnace in action. Drawing off the Molten Pig Iron. Bessemer and Open Hearth Processes.

A train load of white hot ingots. Rolling out the plastic metal. Cold wire drawing.

Galvanizing. Weaving wire fence. The proper way to build fence on the farm.

These have been pronounced the greatest industrial pictures of the age, and it is worth while for any farmer to see them. Admission is by ticket only. Any farmer may obtain free tickets for himself and family by calling on Geo. S. Gay, Jacksonville. Don't forget the time and the place, Jan. 16th, Friday, at Scott's Theatre at 1:30 p. m.

Our quality is the best. Our prices right. Phone us or see us about it. Either phone No. 9. 401 North Sandy street.

**HARRIGANBROS**

## MISSIONARY SOCIETY MEETS.

Baptist Church Ladies Hold Regular Monthly Session With Mrs. E. O. Mayer.

The Woman's Missionary Society of the First Baptist church held their regular monthly meeting with Mrs. E. O. Mayer at her home on West North street Thursday afternoon at 2:30 o'clock. The devotional exercises were led by Mrs. G. P. Richardson and after the routine business had been transacted the following program was given, with Miss Mary Laurie as leader:

Missions in Russia—Mrs. Joseph Jackson.  
Pastor Wilhelm Fetter's Work—Mrs. Mary Springer.

A Threefold Crisis—Mrs. E. O. Mayer.

An Urgent Note—Mrs. I. C. Coleman.

Vocal solo—Miss Mabel Goltra.

An Open Letter—Mrs. Holmes.

Devilement of Holy Moscow—Mrs. E. Goltra.

Cry of Russia—Mrs. Jerry Cox.

Russian Ban—Mrs. G. P. Richardson.

Prayer—Mrs. Holmes.

**INAUGURATION DAY IN MASSACHUSETTS.**

Boston, Jan. 8.—David I. Walsh, former lieutenant governor, was today inducted into the office of governor of Massachusetts in succession to Eugene N. Foss. The inauguration exercises took place in the assembly chamber in the presence of both branches of the legislature and a large gathering of invited guests.

## This is the Season of the Year When Every Clothing House will be Bidding for Your Trade

Which are you going to be, all things, to say the least, being equal' the "tailor-to-order" or the "ready-made" man? You know our reputation for doing exactly as we agree. Now, here is what we propose to do:

## We Will Give You \$5.00 for Your Old Suit

Or we will give you five dollars for your old overcoat, or ten dollars for both. Nothing reserved. All goods go in at the recent sale prices and you gain the "five" extra. We don't raise prices so as to lower them again.

For as little as fifteen to twenty dollars you will be able to obtain a high grade, all wool, latest pattern, tailored to your measure, guaranteed suit or overcoat, that under ordinary circumstances would cost you nearly double. You no longer have to wear the more or less ill-fitting ready made clothes from a desire to economize. If you wear ready made garments from now on it will be solely because you want to.

We want you to give this proposition your most careful investigation. We guarantee to you that it is on the square, but we want to afford you every opportunity to prove that it is so. Our woollens will be spread out before you in such a manner that you can see from the whole piece how they will look when made up. You can examine them in any manner you desire. We give you our positive guarantee that you will be delighted. We have sold to pleased patrons more than one hundred and twenty-five suits during the past four weeks. We are determined that more than ever the people of this community shall know us and our fair and square methods of dealing, and know that they can at all times wear tailored-to-measure clothing for the same price, and often less than they would pay for inferior clothes that were factory made for anybody.

Every garment made on our own premises. We employ a large force. Every dollar stays at home. Our guarantee of satisfaction is positive. No detail slighted

PLAYS AND PLAYERS.

The new Cort theatre in Boston will be opened this month. "Today" has passed its one-hundredth performance in New York. Granville Barker hopes to establish a permanent repertory theatre in London.

The Tallafiero sisters are appearing in a new comedy called "Young Wisdom."

Norman Hackett has been engaged to appear at the head of a stock company in Atlanta.

William A. Brady is soon to produce a playlet by Walter Hackett called "Don't Weep."

George Bernard Shaw's play, "The Philanderer," has been given its first American performance in New York.

The English musical comedy, "The Girl on the Film," is proving one of the successes of the season in New York.

Lee Martin, one of the most influential newspapermen of Paris, is advocating the establishment of a state moving picture theatre.

Miss Maude Adams is supported by a company of fifty players in the new four act comedy, "The Legend of Leonora," by J. M. Barrie.

Harley Manser, author of "Peg o' My Heart," has written a playlet called "Devil Montague," which will be used by Frank Kemble Cooper.

Announcement has been made that Charlotte Walker will be seen next season in a dramatization of Jack London's novel, "The Valley of the Moon."

## WORLD'S LATEST FINANCIAL AND MARKET NEWS

### GENERAL STOCK MARKET MOVEMENT PROVES UPWARD

Market Fails to Maintain Strength During Latter Part of the Day and Prices Slip Backward.

NEW YORK, Jan. 8.—Although there were symptoms of weakness in various quarters at the outset today, the general movement was upward. The market failed, however, to maintain its strength and during the latter part of the day it slipped backward until prices in some instances were depressed below yesterday's close. Reduction in the Bank of England's discount rate from five to 4 1/2 per cent, exerted an important influence on sentiment for a time, assisting in the upturn. The effect of the change in the discount rate was increased by the strong showing of the banks weekly statement disclosing an increase in the proportion of reserves to liabilities from 33.39 to 49.34 per cent. Call loans were renewed at 2 1/2 per cent and lower rates were quoted for time loans and mercantile discounts. The afternoon recession in stocks was influenced by several developments, which exerted an adverse influence. The monthly copper statistics showed an increase in the stock of 43,500,000 pounds, a much larger falling off in consumption than had been expected. Domestic deliveries were the smallest of any month of the five years in which the producers association has been issuing reports. Copper stocks sold off sharply on the appearance of the report.

Another disturbing feature was the acute weakness of American Sugar which sold off over four points.

New York Stock List—Last Sale.

### BALL PLAYERS THANK NATIONAL COMMISSION

Committee Issues Statement Expressing Satisfaction and Pleading at Commission's Action.

New York, Jan. 8.—The committee which represented the baseball players' fraternity before the national commission in Cincinnati this week issued a statement tonight expressing satisfaction at the granting of so large a proportion of their demands, and pleasure at the attitude of baseball's highest tribunal toward the players. Regret was implied that the fraternity did not meet with more success for the minor league members before the representatives of the lower class organizations. The statement reads:

"We believe that in the Cincinnati conference of January 6, the ball players won a victory which a year ago could not have been dreamed of. Twelve of our requests were granted. Eight or ten of them were opposed very vigorously but with the utmost frankness and good feeling. We met far more opposition from the minor league representatives than from the national commission and were therefore unable to do as much for our minor league members as we had hoped.

"But even as it is they will be materially helped.

"These representatives we felt were sincere in their belief that an undue hardship would be placed upon them unless some requests were modified and as we had no disposition to bring this about, we waived the points.

"The treatment accorded us, except in the offensive attitude of one of the conferees was all we could have asked. We were met in a fair cordial and dignified manner, which, in view of the strained relations previously existing was gratifying in the extreme."

The statement was signed by John G. Henry, Edward M. Reulbach, Jacob E. Daubert, John B. Miller, Ray W. Collins and David L. Fultz.

### AMATEUR BOXERS LEAVE FOR CLEVELAND COMPETITION

CHICAGO, Jan. 8.—Amateur boxers selected to represent Chicago in the three central A. A. U. championships which will be decided in Cleveland tomorrow wound up their conditioning tonight. They are Walter Evans, in the 108 pound class; Jack Schneider and Jack Finkelstein, 135 pounders and Walter Gumm, 145 pounders. The quartette was accompanied by Harry Forbes, former bantam weight champion.

Chicagoans who expect to compete in the four classes January 16, have begun training.

### WESTMINSTER GUILD

Westminster guild will hold an open meeting Friday afternoon at 3 o'clock at the home of Miss Claire Stevenson on West College avenue. A program of more than usual interest will be presented.

### JOHNSON DEMANDS \$30,000 FOR MATCH WITH "GUNBOAT"

No Further Negotiations Will Be Made Until After Johnson's Fights In June Are Over.

Paris, Jan. 8.—"Jack" Johnson the negro heavy-weight pugilist whose arm still is in splints, said this afternoon he had not received any cable offer of money for a fight with "Gunboat" Smith on the Mexican side of the border of Lower California.

"I am ready to fight if the offer meets my terms which are \$30,000," he added. "The fight must be subsequent to that which has been definitely fixed to take place in Paris during the first week of June against Frank Moran, the Pittsburgh heavy-weight. For this engagement William Astor Chanler is guaranteeing me \$35,000. I expect toward the end of the same month to meet Sam Langford provided the \$30,000 demand be forthcoming."

Johnson said his broken arm is progressing finely. The splints are to be removed on Saturday.

### NO FURTHER NEGOTIATIONS.

San Francisco, Cal. Jan. 8.—There will be no further negotiations for a fight at Tia Juana, lower California, between Jack Johnson, the heavy-weight champion of the world and "Gunboat" Smith, foremost of the white hopes until the outcome of Johnson's other two prospective fights is known. The plan was that Johnson and Smith should fight across the Mexican border from San Diego on July 4th.

### THE OPEN DOOR POLICY

is in force at THE FARMERS STATE BANK AND TRUST COMPANY. Its officers' rooms, just inside the entrance, have no doors. Just open hospitality.

### RECEIVES FEDERAL OFFER

Lowell, Mass., Jan. 8.—George Tyler, left handed pitcher of the Boston Nationals, said today that he had received three offers from the Boston Nationals but would accept the "flattering offer of the Federals" if he were traded to St. Louis.

Basketball, White Hail vs. J. H. S. Friday night, Armory hall.

### HELD ANNUAL MEETING.

The annual meeting of the Ladies Aid society of Westminster church was held at the home of Mrs. Frank Elliott, Thursday afternoon. The meeting was enthusiastic and largely attended. Plans were talked over for the coming year's work and an election was held, the same officers being re-elected as follows:

President—Mrs. J. H. Rayhill Sr. Vice-president—Mrs. Ensley Moore Secretary—Mrs. Frances Kither. Treasurer—Mrs. William McCormick.

Following the business session a social hour was enjoyed and suitable refreshments served.

### CHARLES EYTON TESTIFIES THAT BOXING IS NOT BRUTAL SPORT

Witness Asserts Boxers Do Not Always Try To Knockout Their Opponents.

Los Angeles, Cal., Jan. 8.—"Virtually all of the so-called knockouts are on paper, prize-fighting or boxing is not a brutal sport," Charles Eyton referee of the Jess Willard-"Bull" Young match in which the latter met his death, testified today in the trial of Willard and nine others on a charge of prize-fighting in violation of the laws of California.

Eyton testified that boxers did not always try to knockout their opponents, and said Packey McFarland was an example of a man who seldom won by the knockout route.

When the prosecution read a list of men whom McFarland reputed to have knocked out, defending counsel conferred with Harry Gilmore, once manager for McFarland and then announced that Gilmore had just told him that he had invented most of McFarland's record of knockouts to make it look formidable and to make the boxer a drawing card.

### Describes Fight in Detail.

Eyton described the fight by rounds, saying that he, as well as the spectators, considered it a farce until the eighth round when Young became the aggressor. The blow which knocked out Young, he said, did not travel more than six inches and came as a surprise to the spectators. The Marquis of Queensberry rules were introduced as evidence as the rules governing these contests.

McCarey testified that before any fight was started in the Vernon Arena, the text of a decision by Superior Judge Frank R. Willis was read to the principals. This decision is the principal hope of the defense as it holds that Ad Wolgast and George Memsie, in their meeting here two years ago, took part in a "boxing contest" and not in a prize fight.

Judge Craig will rule tomorrow whether the decision shall be admitted. It is expected the trial will be finished tomorrow night.

### OBSERVES ANNIVERSARY.

New York, Jan. 8.—The Veteran Corps of Artillery of the State of New York today observed the 99th anniversary of the battle of New Orleans, the last conflict of the war of 1812, by parading up Fifth avenue to Delmonico's, where a dinner was given in honor of delegations representing the ancient military organizations of Philadelphia, Boston, New Haven and other cities.

### MASONIC TEMPLE DEDICATED.

Champaign, Ill., Jan. 8.—Hundreds of men of high standing in Masonic circles in Illinois came to Champaign today for the dedication of the new Masonic temple in this city. The edifice cost \$115,000 and is one of the finest of its kind in the state. Grand Master Henry T. Burnap of Alton presided at the dedication ceremonies.

### "CASCARETS" ALWAYS STRAIGHTEN YOU UP

If Costive, Headachy, Bilious, Spasmodic, Breath Bad—Clean Your Liver and Bowels.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.—Adv.

### TAKES OFF DANDRUFF HAIR STOPS FALLING

Girls! Try This! Makes Hair Thick Glossy, Fluffy, Beautiful—No More Itching Scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

### IS REBUILDING BARN.

Bert McNeeley of Nortonville is erecting a large barn on the site of the building destroyed by fire a few weeks since. The main structure is fifty-eight feet long, thirty-eight feet wide and has two commodious sheds on each side.

Read the Journal: 10c a week.

## BLOOMINGTON TO VOTE ON SALOONS

Ministerial Association Endorses Plans of Anti-Saloon League.

Petitions are to be circulated within a short time and will probably be started Sunday morning through the churches, for a local option election to be held in Bloomington in the spring, says the Bulletin. This matter was definitely settled following a called meeting of the ministerial association at the Y. M. C. A. building this morning.

A committee of fifteen men, one representative from the ministerial association and fourteen business men, have been quietly working for the past three months to perfect plans whereby the campaign for local option might be started with a vim, and the called meeting of the ministerial association this morning was to receive the endorsement of that body.

The men behind the movement now feel that they are ready to arrange for the campaign to be held in earnest and accordingly are endeavoring to arrange for big mass meetings to be held in this city Saturday and Sunday, Jan. 17 and 18. On Saturday, Jan. 17, meetings will be held in the morning and afternoon and a conference in the evening, and on Sunday morning the speakers will occupy local pulpits and in the evening a big mass meeting will be held in some larger building of the city. The place for these meetings has not yet been decided upon.

The committee is busy preparing for four speakers to be here and these will probably include John G. Woolley, the famous temperance lecturer, and other leading men for the temperance cause.

## NEWS NOTES OF THE FARM

Steers and Heifers Bring \$9.35—Charles Myers, Pike county, was on Wednesday's Chicago market with a load of yearling and two-year-old steers and heifers which were bought at \$9.35 by Swift & Co.

High Carrying Charge—It is a long time since there has been a carrying charge of 6 cents or over from January to May corn as now exists. This to the minds of some of the traders tells the real condition of the corn trade.

Horses Are Dying—Twenty horses have died in the vicinity of Bethany during the past few days, after eating fungus on corn stalks. Stomachs of some of the animals have been examined and found to contain little liquid, but a compact ball of matter, impossible to dissolve.

Imported Cattle Increase—Imported cattle inspected by the Bureau of Animal Husbandry, United States Department of Agriculture, during October and November, 1913 numbered 298,327 head, as compared with 79,429 for the corresponding period of 1912. All came from Canada and Mexico except 447 head of pure bred cattle for breeding purposes imported from Great Britain.

Champaign Farmers Meet—The annual election of the Agricultural Improvement association will be held January 31. The membership is well up toward 300. December 31 the county agent talked to farmers of the Hensley Better Farming club, showing lantern views, on inoculation of legumes the use of rock phosphate and limestone, good preparation of the seed bed, selection of seed corn, etc.

Set Bad Example—Twenty years ago the dairy farmers of Ireland and Denmark were doing exactly what the farmers of America are doing today. They followed the old system of "every man for himself" and let the bulk of the profit slip through their fingers. The middleman, the creamery, the merchant, who sold them foodstuffs, and the money lender took the profits.

Traders Are Bewildered—One of the best posted cash handlers of corn in the trade said that no one knew what to do under present conditions. Stocks are increasing at a rapid rate and are nearly doubling last year. The east is being filled up with Argentine corn to an extent that makes a big difference in the demand for domestic corn from that quarter. Now comes offerings of Danubian corn at 68 1/2c at New York for February shipment.

Everyone Wants Country Place—Every man of quiet taste and fair intelligence is said to reach a time of life when he wants a little country place of five or ten acres, with a small house, some trees, and ground that is tender enough to grow vegetables. The dream of Horace fills out the dream of finery when he says, "a portion of land, not excessive, and near it a snug little wood, and a spring that never faileth." My, what a realization that would be to a man who can easily get along without fashionable society, porterhouse steak and box seats at the opera.

Says Stalks Not Poisonous—W. T. Ainsworth of Mason City, is not convinced there is anything poisonous in either the stalk or the corn to bring about the so-called corn stalk disease in horses. It is Mr. Ainsworth's belief that feeding all roughage and no grain will cause colic or compaction and this is undoubtedly the cause of a large number of the deaths that are attributed to the corn stalk disease. Many farmers have learned this lesson. The horses need fresh water and green feed. Some farmers in McLean county sow rye in the corn after the last cultivation so there will be some green feed in the stalks.

YOUR MONEY TRANSACTIONS safely and promptly handled THE FARMERS STATE BANK AND TRUST COMPANY. Add your name to its growing list of depositors.

## FARMERS ATTENTION

Geo. S. Gay, Jacksonville, Ill., wish to announce that they have arranged with the American Steel & Wire Company for a moving picture entertainment of great interest to the farmers. This is entitled "Through the Furnace to the Farm," and deals with the manufacture of steel, especially the nails, barbed wire and woven wire fence used on the farm.

There are 5,000 feet of film in five reels, and these are just a few of the scenes shown:  
Mining with giant steam shovels.  
Mammoth clam-shell buckets.  
Huge ore-carrying boats.  
Blast Furnace in action.  
Drawing off the Molten Pig Iron.  
Bessemer and Open Hearth Processes.

A train load of white hot ingots.  
Rolling out the plastic metal.  
Cold wire drawing.  
Galvanizing.  
Weaving wire fence.

The proper way to build fence on the farm.  
These have been pronounced the greatest industrial pictures of the age, and it is worth while for any farmer to see them. Admission is by ticket only. Any farmer may obtain free tickets for himself and family by calling on Geo. S. Gay, Jacksonville. Don't forget the time and the place, Jan. 16th, Friday, at Scott's Theatre at 1:30 p. m.

RELIEF CORPS MEETING.  
The Woman's Relief Corps will meet this afternoon at 2:30 o'clock at the G. A. R. hall on West Morgan street.  
Mrs. W. H. Jordan, President.  
Mary F. Taylor, Press Cor.

## MORTUARY

**Harbor.**  
Charles Harbor of Waverly, died at Passavant hospital Thursday morning at 5:55 o'clock. The deceased was born in Waverly February 26, 1898 and was a son of Peter D. and Rebecca Harbor. He is survived by his parents and one brother, Ellis Harbor of Waverly.

The remains were taken to the Gillham Undertaking establishment and were sent to Waverly Thursday afternoon at 2:08 o'clock via the Burlington, for interment.

**Rodgers.**  
Mrs. Eva Thompson Rodgers, daughter of the late Judge A. J. Thompson formerly of Morgan county, died at the home of her daughter, Mrs. Edna Bacott at River Forest, Ill., January 5, after an illness with pneumonia. Her home was in Canon City, Colo., and she was visiting with her daughter when she was taken ill. Mrs. Rodgers was an aunt of Mrs. Charles Cox of Woodson.

**Whalen.**  
James Whalen of South Clay avenue received a message Wednesday evening from Revier, Mo., announcing the death at that place of his brother, Thomas Whalen, aged 79 years. He was a resident of Revier for many years and is survived by two daughters and three sons, including James of this city and John of Virginia. Mr. Whalen of this city was not able to go to Missouri on account of poor health.

The funeral will take place some time today in Cahoka, Mo.

**RAYMOND ROBBINS TO SPEAK.**  
State Chairman Raymond Robbins of the Progressive Party will speak on the future of the Progressive, Republican and Democratic parties at the court house, Friday evening, Jan. 9. The ladies are especially invited. Seats will be reserved for them until 7:45 p. m.—Adv.

**ELLIOTT STATE BANK**  
SAVINGS DEPARTMENT.  
Interest allowed on Savings Deposits at rate of 3 per cent per annum. Savings Deposits received on or before JANUARY 10th will bear interest from the FIRST of the month.

**ANNIVERSARY OF BATTLE.**  
Thursday was the anniversary of the battle of New Orleans which took place January 8, 1815 with General Jackson in command of the American forces and General Pakenham in command of the British, the American forces winning. This battle was fought after peace had been declared between Great Britain and the United States as in those days of slow communication word of the agreement did not reach New Orleans in time to prevent the bloody conflict.

Degen hall. Ladies 25c; gents 50c.

## DENTISTS OF FIVE COUNTIES HOLD MEETING AT DUNLAP HOUSE

January Meeting of District Society Attended by Score of Physicians—Program of Papers and Clinics.

A profitable program of papers and clinical demonstrations was given Thursday evening at the Dunlap hotel before a score of representatives of the dental profession of this district. The counties represented in the district are Morgan, Scott, Pike, Brown and Cass and the society meet three times a year, in April, October and January.

Among the dentists from out of the city attending the meeting were Dr. Albert Carey of Pittsfield; Dr. Baker, of Litchfield; Dr. Smith of Virginia; Drs. A. E. Converse and E. F. Hazel of Springfield; Dr. C. C. Corbett of Edwardsville; Dr. R. V. Hurdle of Mt. Sterling; Dr. L. O. Kibbler of Pittsfield, and Dr. B. W. Carey of Griggsville.

Dr. Corbett read a paper on "Pyorrhea" in which he described the various methods of treatment of this most troublesome of dental diseases. Dr. Converse read a paper on "Patients" which presented in a very apt manner a number of problems of the practicing dentist. The doctor described the different types of patients and the means of approach to patients of different temperaments.

Demonstrations of work were made by Dr. J. C. Widenham, Dr. W. B. Young and Dr. E. F. Hazel of Springfield. Dr. Hazel advanced some original ideas on the fitting of gold bands and shells and Dr. Young told of some processes he had found useful in the casting of bridges. Dr. J. C. Widenham described some laboratory and operating room aids of his own devising and set forth methods for the treatment of Orthodontia.

Two new members were received into the organization, Dr. Alpha B. Applebee and Dr. Babcock of the Jacksonville state hospital.

## JOIN THE CHRISTMAS CLUB NOW FORMING THE AYERS NATIONAL BANK

## SOCIAL EVENTS.

Mrs. Warren Daniels entertained the members of the Ladies Aid society of the Litchberry Baptist church at her home in Litchberry Thursday afternoon. About twenty-five members and invited guests were present and after the regular business of the society had been transacted a contest called "What is found in Grandmother's Kitchen" was held and the prize was won by Miss Lora Petefish. At the close of a delightful afternoon a three course luncheon was served.

**YOU** wont appreciate the tremendous saving our big price reductions are for you until you come in and see them. The price quotations are lower than you'll find elsewhere. But you must come here and see the actual values to fully appreciate what this sale means to you. It's for ten days only. Come in now and you'll find what you want.
